Bay Council clamps down on delinquent customers

By EDGAR PEREZ

The Bay-St. Louis City Council this week took a compromise approach to its previously announced hard-line policy on delinquent utility customers.

In law-mandated public hearing for eight customers whose overdue bills in one case ran as high as \$780, the Council ordered service disconnections in two cases and granted a 30-day extension in another extreme hardship case.

Pleas of heart-rending financial hardship failed to move a majority of the Councilmen, however, in the other five cases and those householders were ordered to pay half the balance due by Oct. 9 and the total overdue amount by Dec. 3 or face the coming winter months without gas or water in their homes.

The Council was firm in its insistence service will be cut off if delinquent bills are not paid in reasonable time.

The two customers ordered deprived of service this week failed to appear at Tuesday night's hearing.

In a split vote with Councilmen Wilmer Seymour and Harry Farve dissenting, the Council ordered service discontinued at the home of a third customer who appeared unable to come up with a payment plans to immediately reduce and in reasonable time eliminate some \$480 in arrears being carried on her utility bill for a period of months.

That action was rescinded at the

close of the hearing, however, when the customer asked to be allowed to meet the same terms being granted to those agreeing to pay half the balance in one week and the remainder in 60 days.

"This was one of the most emotionally draining meetings I have attended," said an exhausted Councilman Fred Wagner after Tuesday's meeting finally was recessed at 9:30 p.m.

Customers presented lengthy pleas of extreme hardship in some cases; others said they simply failed to pay bills they felt were excessive in the hope some rate adjustments might eventually be made.

City Clerk Kelly McQueen noted later the City absorbed 12 percent of a 42 percent increase in the wholesale price of natural gas in July.

"We can't tell how much yet, but there is definitely going to be another increase in January from United Gas," McQueen noted.

Council President Pete Benvenuti said the Council will be asked to approve an \$18,000 current bill from United Gas when the body continues Tuesday's unfinished business at 7 p.m. Thursday.

"How can the city pay those kinds of bills if its customers don't pay their bills in turn," he argued in pushing for firmness in dealing with the delinquent customers.

Councilman James Thriftley told the customers at the hearing there is no mechanism in the city code or utility department regulations known to the Council providing for extended payments of past due bills.

"When you consider the going interest rate of 10 percent, that total of \$50,000 in overdue utility bills owed the city quickly becomes \$50,000 we're out," Thriftley said.

Seymour, backed by Farve, took a softer line with the delinquents, urging more leniency than the other three councilmen were willing to grant.

"Maybe I'm too easy, Seymour said, but I feel inclined to help anyone who

is trying to help himself."

McQueen said Tuesday's hearing was the second since the city resolved in July to disconnect delinquent utility customers.

"This is the first time we have heard so many people, but I'm sure it won't be the last," McQueen noted.

At the end of the hearing Tuesday, Thriftley exclaimed, "I think it's a shame we have to be up here like this enforcing the laws of the City of Bay St. Louis."

THOMAS CARVER

T.L. Carver announces candidacy

Thomas L. (Tommy) Carver of Lakeland announces his candidacy for the office of Justice Court Judge Beat One.

An auxiliary policeman with the Bay St. Louis Police Department for 18 months, Carver is a graduate of Bay Senior High School.

Carver is employed as a bus mechanic for the Hancock County School System. He is an independent candidate in the Nov. 7 general election.

He and his wife the former Lot Usher, have three children, Tommy Jr., 8; Jenie, 7; and Elnor, 4.

"I have had approximately 18 months experience on the Bay St. Louis Police Department as an auxiliary officer. I have walked the streets, seen the crime, the criminals and the innocent," he says.

"I know the feeling when the innocent go to jail and the criminals walk free even before I finish the paper work; due to who he knows and the strings he can pull," the candidate states.

"There will be no string in my courtroom," promises Carver and will be a 24-hour Judge.

"I will be fair impartial and honest, I will be your judge," Carver adds.

Waveland center store burglarized

By RICH ADAMS

An undetermined amount of narcotics, hypodermic needles, cash, and checks were taken during an early morning break-in Tuesday at Quality Drug Store in Waveland's Our Shopping Center.

The burglars apparently gained entry to the store by chiseling through a concrete roof and stripping back corrugated tin roofing over a storage room in the drug store, then dropping some 20 feet to the floor, Hancock County Sheriff Sylvan J. Ladner said.

A store employee told police the perpetrators took the entire narcotic stock, some hypodermic needles, and then opened a locked safe in the front of the store and removed an undetermined amount of cash and checks, police report.

The safe was apparently cracked without force, Ladner said.

When Sheriff's Deputies Delbert Seay and Dennis Tartavouille arrived at the scene about 8:45 a.m. Tuesday, they discovered a hole in the roof with a 12-foot stepladder beneath the hole.

Employees of the store say the ladder was near the hole when they went to work, but was leaning against a wall.

The two deputies went on top of the roof to conduct further investigation, and discovered footprints on tarpaper

which was stripped from the roof during the entry.

The outline of a patch in the roof, used to cover a similar hole made during an earlier burglary of the store, was visible a few feet from Tuesday's entry hole.

Ladner said his men are checking leads into identity of the perpetrators.

"We have nothing sufficient enough to make arrests at this time," the sheriff stated.

News Briefs

GARAGE SALE

The Henderson Point and DeLisle Volunteer Fire Departments Ladies Auxiliaries will have a Garage sale at Henderson Point Volunteer Fire Department, 300 Livingston St., Henderson Point, Saturday, October 6, from 8:00 a.m. until 4:00 p.m. Mrs. Jean Coker, Mrs. Phyllis Barrios and Mrs. Irene Sutter will co-chair this sale.

SHRINE RODEO

The Mississippi Gulf Coast Joppa Shrine Temple-uniformed units are sponsoring a 'Wild West Rodeo' Friday and Saturday at Hancock County Fairgrounds. Performances are slated for 8 p.m. both evenings with tickets available at the gate.

EXAMINES ENTRY HOLE-Hancock County Sheriff's Deputies Delbert Seay, left, and Dennis Tartavouille examine a hole in the roof of Quality Drug Store in Waveland's Our Shopping Center used by burglars Tuesday. A store employee told police all the store's narcotic stock, some hypodermic needles, cash, and checks were taken during the Tuesday break-in. An investigation by the Sheriff's Department is being conducted. (Staff photo-Rich Adams)

Debris removal deadline set in Waveland

Oct. 15 was set as the deadline for Hurricane Frederic debris to be removed from Waveland by that city's board of Aldermen Tuesday night.

Residents are asked to conform to the city's trash ordinances.

Also at Tuesday's meeting, the board gave \$200 to the Bay-Waveland Humane Society to continue its spay-neuter program.

County backs Borg-Warner in \$80 million bond issue

By LESLIE WILLIAMS

A memorandum agreement between Hancock County and Borg-Warner Chemicals allowing the county to issue industrial revenue bonds providing up to \$80 million construction of a plastics plant here was approved by county supervisors Monday.

Supervisors Attorney Walter G. Gettys said the memorandum agreement will be sent to the Agricultural Industrial Board in Jackson for approval of the proposal.

"Because the county, in name only, borrows the money for Borg-Warner under the agreement," Gettys said, "the county's credit is lower than the state's."

He said the bonds will not have a rating on the interest, which will be based on the state's credit.

"Also under the agreement, the company is not required to pay ad valorem taxes which includes school taxes until the bonded indebtedness is retired," he added.

Borg-Warner is responsible for retiring the bonded indebtedness if the agreement is approved.

ment is approved by the A&I Board, Gettys explained.

A spokesman for the A&I Board said Tuesday the memorandum agreement had not yet been received in Jackson, but noted regular meetings of the A&I Board are scheduled today and Oct. 18.

Borg-Warner announced plans to build the \$80 million plant at Hancock's Port Blenville Industrial Park earlier this year.

In environmental matters the Mississippi Bureau of Marine Resources submitted a list of water-dependent industries in connection with plans to create a new authority to insure water-dependent industries are located in water-front areas.

"The purpose of this new authority is to encourage the efficient utilization of the water-front areas," the state

reduce the future demand to create new ones," states a letter from the Bureau.

The long term effect of efficient utilization will be to curtail environmental damage by reducing the overall demand for dredging and filling operations," the letter adds.

The list of water-dependent industry is the first step in creating the authority.

The list includes: Commercial and Sport fishing facilities including finfish and shellfish processing plants and large commercial fishing facilities; and other water-dependent facilities.

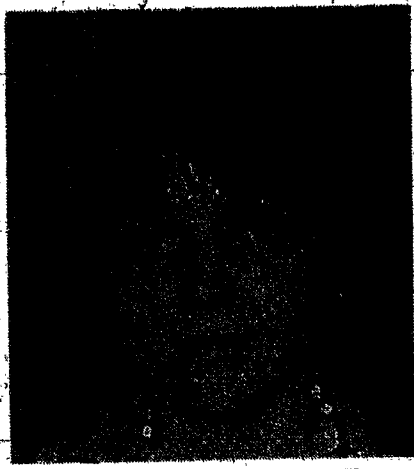

The list of water-dependent industry is the first step in creating the authority.

Waveland psychologist to head Hancock clinic

Dr. Catherine Lundy will head the new Hancock County Outpatient Clinic of the Gulf Coast Mental Health Center, according to Dr. G. Kinsey Stewart, executive director of the Center.

She will provide direct clinical services and develop mental health programs in the Bay-Waveland area. The clinic is scheduled to be in operation by October 15.

Dr. Lundy, a licensed clinical psychologist, joined the center staff in December, 1978. She currently serves as assistant coordinator of Children and Youth Services at the Gulfport Center. Dr. Lundy's office will be at the Hancock Industries-Gulf Coast Mental Health Building on US-90 at Drinkwater Road in Bay St. Louis.

DR. CATHERINE LUNDY

A native Mississippian, Dr. Lundy was educated in the Jackson Public schools. She received her bachelor's and master's degrees from the University of Alabama. She earned her doctorate in psychology at Texas Tech University and completed a child clinical residency at the Kennedy Child Study Center, Santa Monica, California.

Dr. Lundy has had broad clinical training and experience working with adults, families and children with a wide range of life problems, Dr. Stewart reported.

She resides with her family in Waveland, and is married to Dr. Alvah G. Blitner Jr., a factors psychologist employed by Naval Aerospace Medical Research Laboratory Detachment at Michoud, La.

Dr. Lundy will be at the center from 8 a.m. to 5 p.m. on Tuesdays and Thursdays and from 1 to 5 p.m. Wednesdays afternoons.

Dr. Tom Dilworth, psychologist, will be available on Fridays in Bay St. Louis.

The Gulf Coast mental health center previously has been operating out of St. Augustine Seminary in Bay St. Louis for the Bay-Waveland area.

Stanislaus opens cafeteria drive

St. Stanislaus High School in Bay St. Louis this week has opened a drive to collect funds for renovation and expansion of its present dining and kitchen facilities.

When completed, the facility will be known as the Brother Alban Memorial Dining Hall in memory of Brother Alban Tucker who spent more than 25 years as cook, dietitian and dining hall manager at St. Stanislaus.

In 1967, St. Stanislaus initiated the St. Stanislaus Progression Program. Since that time approximately \$3.5 million dollars has been spent

on campus in either construction of new buildings or renovation of existing buildings.

New buildings include Aurelian Hall (1967), the Klempeter-Gibbens Memorial Library (1969), the Administration-Classroom Student Union Building (1971), the Brother Romuald Memorial Band Hall (1974), and the Brother Peter Memorial Gymnasium and Physical Education Center (1977).

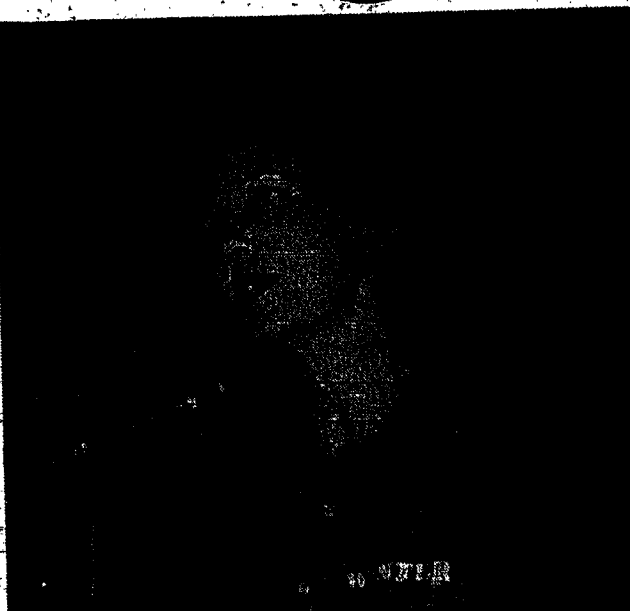

The present dining hall at St. Stanislaus was built in 1949. After 30 years it is in need of renovation and additional construction, which will cost approximately \$300,000, according to Bro. Aquin Gauthier, SSC public relations director.

In a pre-drive solicitation, over \$80,000 has been collected towards this goal.

For additional information, contact Bro. Gauthier at the school, 601-467-9057.

BROTHER ALBAN

WINTER'S WIFE VISITS BAY-'I'm interested in you all,' exclaimed gubernatorial candidate William Winter's wife, Ellise, during a recent visit to Retired Senior Volunteer Personnel headquarters in Bay St. Louis. "William's mother is 96 years-old and mother is 89 years old. We understand and are familiar with the problems of the old," Mrs. Winter emphasized. (Staff photo-Leslie Williams)

Elda Duke remains as drive head

Mrs. Elda Duke has been named chairman of the Hancock County Chapter of the Mississippi Lung Association. Other volunteers assisting in programs of the Christmas Seal include Mrs. Erakin Skelton, publicity chairman; Mrs. Selma George, Memorial chairman; and Mrs. Grace Jones, Educational chairman.

The annual Christmas Seal campaign to support programs of "Life and Breath" is scheduled to begin Nov. 1 with arrival of special Christmas Seals designed by the children of America, Mrs. Duke reported.

OTASCO promotes Freeman, Krankey

Mr. and Mrs. Albert Krankey of Bay St. Louis.

Griffin said, "I am happy to have Krankey as an assistant manager, our company likes to promote from within, he is now in a new position and feel that he will continue to do the fine job he has done since he started working for us."

Freeman started at OTASCO in August, 1974, two months before the official opening of the store in Waveland. He was promoted to assistant manager three years ago, having started in the automotive department.

Griffin in talking about Freeman reported, "I am very happy to have someone from this store and area promoted to a manager for OTASCO. Freeman will do a fine job in Biloxi."

DANNY KRANKEY

Danny Krankey has been promoted to assistant manager of OTASCO at Our Shopping Center in Waveland, according to Ron Griffin, manager.

Krankey replaces Donny Freeman who has been named manager of OTASCO's new store in North Biloxi scheduled to open November 1st.

An employee of OTASCO for four years, Krankey moved from the appliance department to his new position. A 1966 Bay High graduate and native of Bay St. Louis, he and his wife Frances now reside in Waveland and they have one son age 10.

Krankey also attended Pearl River Junior College for two years. His parents are

OBITUARIES

LAWRENCE BENNETT
Services for Lawrence Claiborne Bennett was Tuesday afternoon at the Pearlington Methodist Church in Pearlington.

Burial was in the Pearlington Cemetery. Mr. Bennett, a resident of Hide-A-Way Lake, Carriere, died Saturday, Sept. 29, 1979 at the age of 68.

He is survived by his wife, Mrs. Ellen P. Bennett of Carriere; two sons, Sun Davisworth Bennett of Slidell, La., and Earl C. Bennett of Pearlington; two daughters, Mrs. Merle Stiefel of Waveland and Miss Spring Bennett of Carriere; five brothers, Johnnie Bennett of Slidell, Grover Bennett, Ronald Bennett, Joseph Bennett and William Bennett, all of Pearlington; three sisters, Mrs. Katie Givens, Mrs. Doris Givens and Mrs. Irma Delacroix, all of Pearlington.

McDonald Funeral Home in Piquette was in charge of services.

CHARLES BOUIS

Visitation for Charles Joseph Bouis Jr., 48, of 129 Railroad Ave., Bay St. Louis was Sunday from 7 p.m. to 10 p.m. at the Edmond Fahey Funeral Home with a Rosary at 8 p.m.

Burial was at Cedar Rest Cemetery in Bay St. Louis.

Mr. Bouis died Saturday morning, Sept. 29, 1979, at Hancock General Hospital.

A native of Bay St. Louis, he was a retired major of the United States Army.

He was a member of the Bay St. Louis American Legion Post No. 139, Our Lady of the Gulf Catholic Church, and the Bay St. Louis Police Department, of which he was recently appointed special investigator.

He was a Korean and Vietnam War veteran.

Survivors include his wife, Inez Kingston Bouis of Bay St. Louis; four sons, Charles Joseph Bouis III and Steven Bouis of Bay St. Louis; and two daughters, Mrs. Mary Ann Bouis of Bay St. Louis and Mrs. Ann Bouis of Bay St. Louis.

Louis, Mrs. Kevin (Jill) Erentz of Normal, Ill., and one grandchild.

MRS. LOUISE FRERET

Mrs. Louise Carroll Freret, 85, of 118 Carroll Ave., Long Beach, died Monday, Oct. 1, 1979, at Miramar Nursing Home in Pass Christian, where she had lived for a year.

The funeral procession left Riemann Funeral Home in Long Beach Tuesday for St. Thomas Catholic Church where a 1 p.m. requiem mass was celebrated. Burial was in the Long Beach Cemetery.

Mrs. Freret, widow of James Joseph Freret, was born in New Orleans. She had lived in Long Beach since 1953 and was a member of St. Thomas Catholic Church.

She is survived by three sons, Daniel C. Freret of Huntsville, Ala., James C. Freret of Long Beach and Warren J. Freret of Gulfport; three daughters, Mrs. Anita Mackey of Fort Walton Beach, Fla., Mrs. Claire Beatty of Oklahoma City, Okla., and Mrs. Robert (Evelyn) Hayden of Milton, Fla.; a sister, Mrs. Freda Roth of Metairie, La.; 28 grandchildren and 31 great-grandchildren.

GEORGE NORRIS JR.

A visitation for George Thomas Norris Jr. was Tuesday night from 7 until 9 at Edmond Fahey Funeral Home in Bay St. Louis, where his funeral was conducted Wednesday at 10 a.m.

Burial was in the Lakeshore Cemetery.

Mr. Norris, 50, a retired self-employed brick mason and a resident of 3911 Hessmer Ave., Metairie, La., died Friday.

He was born in Edenton, N.C., and served in the Army during World War II.

He is survived by his wife, Mrs. Josephine McClanahan Norris of Metairie; four daughters Miss Theresa Norris, Miss Dorenda Norris and Miss Tina Norris, all of Arnold, Mo., and Mrs. Victoria Thomas; three stepdaughters, Miss Cherlie Clark of Missouri, Miss Tricia Clark and Miss Diane Clark, both of Metairie; a sister, Miss Inez Norris of Edenton; and three grandchildren.

A message from Gil

My mother and Deanie's mother are retired senior citizens living on fixed incomes. Inflation is eating them up. Our older citizens all over Mississippi face the same problem.

Big government programs only add to inflation. So I am proposing the "Mississippi Pioneers" program at practically no cost to our taxpayers to provide our senior citizens with special inflation discounts at stores and shops all over the state.

Programs like this are making a difference in Ohio and Tennessee. We can do better. And it's a program we can get started on right now, not next year.

Of course, government won't ever be able to take the family's place in making life dignified and pleasant for our grandparents.

This time...

GIL Carmichael

FUNERAL INSURANCE

The Wise Answer For Funeral Expenses

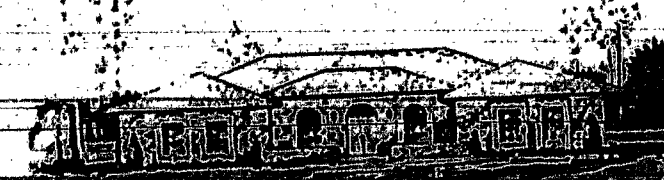

Do you already have existing Funeral Insurance policies?

Would you be interested in adding to these policies?

Riemann Insurance Companies and its affiliates are able to place from \$150.00 to \$5,000.00 in Insurance coverage to apply toward Funeral expenses.

Please call for rates because they are competitive with any rates for similar policies now being offered in Hancock County.

Call for our Insurance Representative in Hancock County Norman Garriga. He will be happy to counsel with you as to your needs in this very important phase of your Insurance program.

Harrison judge addresses Legal Secretary Association

A.J. "Pat" Foretich, Justice Court Judge, District 2, Harrison County, was the featured speaker at the regular meeting of Harrison-Hancock Legal Secretaries Association.

Judge Foretich, now serving his second term, discussed the structure of the justice court system and the education and training required of the justices.

Mrs. June Innis, Ways and Means Chairman, announced that the annual Day-in Court Seminar which is open to all interested persons will be held on Saturday, October 13, from 9:00 a.m. until 12:00 noon at

the First Judicial Courthouse in Gulfport.

Judge Michael Ward of the Harrison County Youth Court will be the featured speaker and will present a Mock Trial of Juvenile Assault and Battery. Prosecuting Attorney will be Mr. John C. Johnson, while Attorneys Herb Wilson and W.F. Holder will defend.

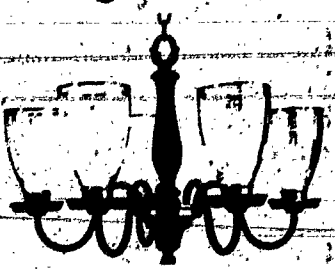

Registration will begin at 8:15 a.m. The fee is \$2.00 for adults and \$1.00 for students. The public is invited.

Mrs. Sharon Pridgen, National Director for the Mississippi Association of Legal Secretaries, was a special guest.

Reports were heard from various chairmen concerning the 1980 State Convention to be hosted by the local chapter; the National Association of Legal Secretaries Course to be offered during January, February and March, 1980; the Fall Board Meeting in Oxford on September 7, 8 & 9, attended by several members; and other matters.

The next regular meeting will be held on October 11.

It's Gumbo Festival time!

Once again, starting tomorrow, the population of Hancock County will be heading for the annual Gumbo Festival at Necaise Crossing.

This being the fifth festival, it is going to be the best ever according to L.J. Breaux, Father Pierre and the 200 or so workers for the White Cypress event.

Folks from just about every state in the Union will be visiting the big three day event.

There will be entertainment with famous people such as Freddy Fender, Mickey Gilley and Marie Owens.

Some folks will spend the entire weekend at the festival in camper-trailers, tents and others will visit each day and night.

If any of us miss the opportunity of visiting the Gumbo Festival this year, we will be missing a lot.

In case some of you not too familiar with the location of Necaise Crossing or White Cypress, it is very easy to get to from the Bay-Waveland area. You take Highway 603 North and keep going, you won't miss it, there will be a large sign telling you where to turn left.

The Gumbo Festival is world wide in recognition. This past spring several of the members of the local group visited our delegation in Washington and put on a festival for senators and representatives from throughout the United States.

This affair isn't something someone thought of last week, month or even year, much planning has gone into the festival.

Many long hours of planning, hard work, and much more hard work to come for the hundreds of workers still remains to be done in order to make this the best Gumbo Festival ever.

The organizers have planned everything as close to perfection as possible including Parking, first aid stations, relief stations, and so many details many of us would forget.

In addition to the gumbo, which is cooked 500 gallons at a time, there will be different types of booths and crafts.

Some of you may want to try to impress the judges with how good a farmer you were when you were young in the milking contest or show your talent in the fiddling contest.

If you like to eat fish, there will be a fish fry Friday night.

If you wonder whether there are good cooks in the area, well some of the Louisiana Cajuns cannot understand why one person from the Necaise Crossing group won a gumbo-cooking contest over there in an area which was supposed to be the gumbo capital.

Of course we all must remember that L.J. Breaux a festival founder, isn't a native Hancockian, a little over 20 years ago he realized he wasn't living in God's Country so he left Franklin La. for Necaise Crossing.

If you think you are a good cook, candy maker, baker of goodies, or even quilt maker, you can enter your work and possibly be judged the best in the area.

There are a lot of folks who think they are big eaters, well there will be a gumbo eating contest for them to prove their ability.

No festival is complete without a queen, and the Necaise Crossing group will pick a queen and also beauty contest for the youngsters.

Many of you like to dance, well Saturday there will be an old fashioned country street dance.

If you haven't been to the Necaise Crossing gumbo Festival before, we are sure there will be something there for you. We feel those of you have been there before will not have to be reminded of the good times it offers and will be there without coaxing.

Remember Friday, Saturday and Sunday, the big Necaise Crossing Gumbo Festival, hope you have a good time!

Edward A. Fayard

Many newcomers may not have known Mr. Edward A. Fayard who was 84 when he was laid to rest last Saturday.

He had been a bridge tender for the Louisville and Nashville Railroad from many years in Bay St. Louis.

Another job he performed for many years without compensation was to serve as assistant and later Veterans Officer for Hancock County.

Mr. Fayard helped thousands of folks as veterans officer, doing everything possible to help them and their dependents receive the aid they so well deserved.

He resided over a mile from the Courthouse, yet he walked there many times to help someone in need.

A man who served this nation in World War One, he was a faithful member of the VFW and will be missed by the many families he helped in so many ways by giving a little of his time and that extra effort needed by his fellowman on so many occasions.

His family, and many of them still live here, can be proud of the fact that Mr. Fayard will long be remembered by those he helped and their families.

LOOKIN' FOR A HOME- Like ole Bo' Weevil in his song who is 'Lookin' for a home,' these two mixed Spitz puppies are making themselves available free to good owners. They are visiting

temporarily with the Bay-Waveland Humane Society, and can be reached at 467-9494. The Society also is seeking someone to accept a kitten. (Staff photo by Edgar Perez)

Bits 'n pieces

We understand several tickets have been written by the Bay St. Louis Police Department for people ignoring the no dumping signs at the foot of the Bay bridge.

We feel if enough \$50 and \$100 fines are levied against literers, maybe some of the illegal dumping will cease.

We need more people to be conscientious of the fact that we all need to do a better job in keeping our city clean. We have two garbage collections a week, which is the same as anyplace else we know.

You better not be caught in the City of New Orleans dumping garbage on the streets, we back our police in saying the same thing about Bay St. Louis, Waveland or Hancock County.

Sometimes you cannot win for losing. Reports of speeders reach City Hall every so often and the police department cracks down. When the police department cracks down, then the City Hall gets phone calls about police writing tickets unfairly.

You cannot please everyone. We have been told that the speed limit will be enforced.

If any of you have any complaints about the speed limit of 25 miles per hour being too slow in Bay St. Louis, we suggest you let the Council know about it. Remember, the police are only trying to do their job.

We thought there was a mix-up of teams who came to play the Rock-A-Chaws Friday night when we arrived at the stadium. Slidell High seemed to be a college or at least Junior college team in size when we viewed them on the field.

The Rocks did not win, but they weren't blown out of the park either.

Our Bay High Tigers didn't win Friday night but they were in the game until the last second ticked off the clock.

We have to commend Coach Snuffy Smith and his staff for getting the Tigers up for the three games they have played thus far this season. Coach Bob Lumpkin's Pirates looked good in their first conference win.

We are keeping our hopes for the Tigers to maybe have a 8-3 or 7-3 season. Go tigers!

A relative newcomer to our area was talking last week about how roasted Golden Egagel was going to be on the menu at Oxford Saturday. Seems this alleged football authority had gotten his wires crossed as they were eating roasted Rebel in Hattiesburg Saturday night.

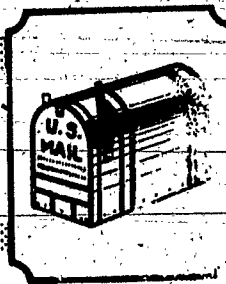

The Hancock North Central Hawks under the direction of coach Irvin Farve will be up against a tough St. Stanislaus Friday night.

The Hawks and Rocks both will be trying to break into the win column after losing last week.

We think there isn't a decided edge in favor of either team and predict the winner will be the team getting the breaks.

LETTERS

To The Editor

VFW Auxiliary president decries vet benefit tampering

Editor: Sea Coast Echo

Dear Sir:

In 1899 in Columbus, Ohio at the end of the Spanish American War, there were young fellows who were prematurely aged by the ravages of tropical fever, bad food and medical neglect, who received their discharge pay, \$15.00 per man and cast off to do as they pleased.

They were desperately ill, to sick to walk steadily and were penniless.

There were no government hospitals to which the disabled could go for medical aid, no helping hands, no financial assistance.

The plain fact was No One Seemed To Care.

They were truly forgotten men.

It was a deplorable picture of neglect.

There was one young Veteran who was so disturbed he could not bear to see so much death and suffering.

His name was James Romanis.

He and 12 of his Veteran friends pledged in membership "to help one another and to work together for the benefit of our country and for men who fight for this nation."

That was in the back room of a tailoring shop on the night of Sept. 29, 1899 and it was the beginning of the Veteran of Foreign Wars of The United States of America, which stresses Patriotism, comradeship, to assist worthy comrades, and to assist their widows and orphans, and most of all to maintain true allegiance to the Government of the United States and to

defend the United States against all enemies.

Membership of the V.F.W. and its Ladies Auxiliary are a mighty force in Washington D.C.

This is where every V.F.W. member belongs.

The Congress of the United States passes laws to protect Veteran Rights and now Congress is trying to repeal these laws.

Many letters and protests from veterans flood Washington D.C., when these laws are being tampered with.

The American Medical Association has long advocated that there should be no hospital treatment for veterans, except for service connected causes, and new Welfare programs serve to reduce or eliminate many of our previous rights and benefits.

This is why the V.F.W. has a Legislative Action Committee.

So we urge all men and Ladies who are eligible to get into the fight to put americanism back into our country and make old Glory mean something, not only to young Americans but to every Country on the face of the earth.

Every member has a voice and a vote in America's future.

The Theodore S. Price Ladies auxiliary 3253 of the V.F.W. of the United States - its officers, and membership invites every veterans' mother, wife, sister, or daughter, to become a part of this great organization by joining its auxiliary.

Ludelle Boudreaux President.

Keeping quiet about lice compounds problem

Oct. 2, 1979

the weekend.

We can understand that it was not possible to check all students on Friday, but why weren't all parents notified so that they could have in turn taken necessary precautions to make sure their children were not infested.

Our school system continues to cry for money - some of which is used to purchase equipment - which in this case could have been used to send a note to each parent.

As parents and taxpayers we feel we are entitled to a little more consideration on occasions such as these that affect the entire community.

Yours very truly,
Mary Waterman
Waveland

Sea Coast Echo
Bay St. Louis

To The Editor:

We want to take this opportunity to compliment and praise principal James D. Baldree for avoiding a panic when it was discovered that a number of the students at Waveland Elementary School had lice.

On the other hand we find it hard to understand why he failed to inform all parents on Friday that a highly contagious situation had been discovered rather than say nothing and have these pupils continue to spread those pests among their brothers and sisters over

MEC News

MISSISSIPPI ECONOMIC COUNCIL
THE STATE CHAMBER OF COMMERCE

The Mississippi Economic Council has urged gubernatorial and legislative candidates to work toward replacing the current three-member elected Highway Commission with a five-member appointed Commission.

MEC president, James H. Farve, said the five-member Commission would be a more effective body to plan and coordinate highway development and construction. He said the Commission would be a more effective body to plan and coordinate highway development and construction.

as three separate highway departments," he continued.

MEC recommends a five-member Commission be appointed with one commissioner from each congressional district, and the Council believes that this Commission should be empowered to plan and coordinate highway development and construction.

Other MEC recommendations include creating the Commission to plan and coordinate highway development and construction, and to coordinate highway development and construction.

confirmation by the Senate.

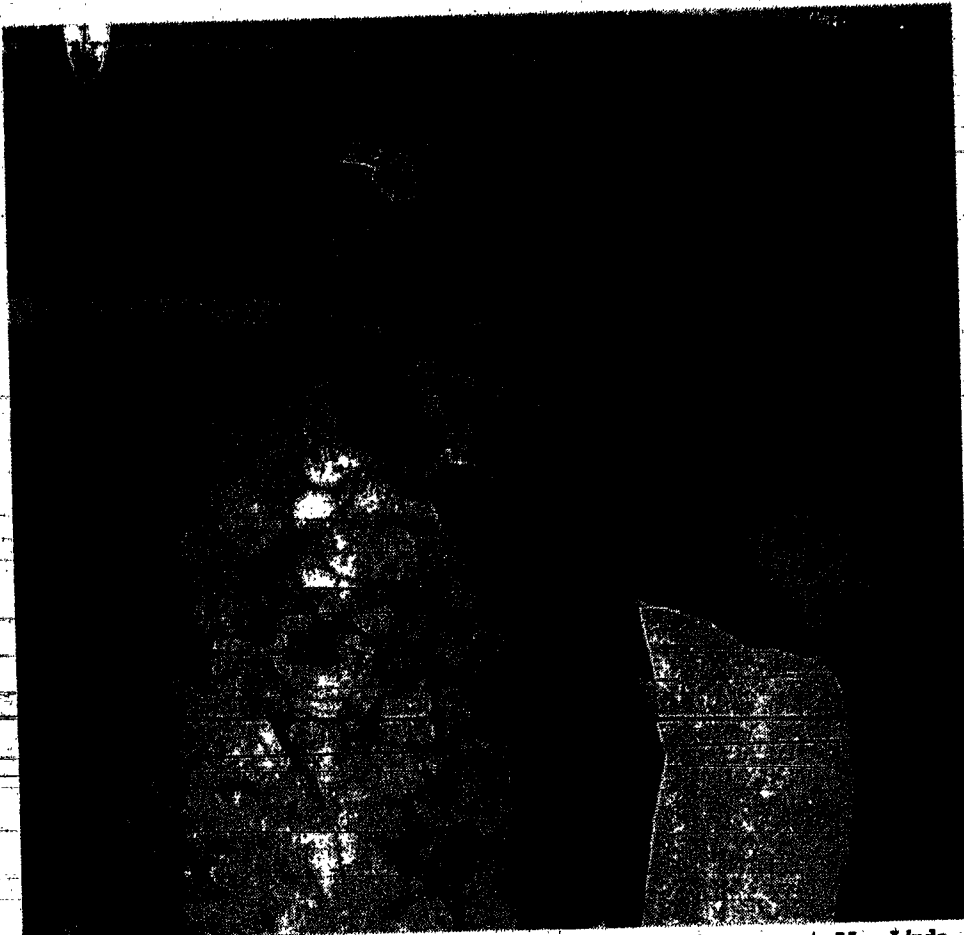

The director should have the authority to hire and fire at all levels and administer the department under the policies set by the Commission.

MEC also recommends that the Commission be empowered to plan and coordinate highway development and construction, and to coordinate highway development and construction.

Perk up your future.

RECYCLING PAYS—Edward Burnett Sr., right, hands bag of aluminum cans to Mrs. Linda Falgout Saturday at Our Shopping Center, Waveland. Burnett said he collects the cans alongside the Highway in Pearlington. Mrs. Falgout represents Recycle Processors, Inc. of New Orleans which now pays 27 cents a pound for the aluminum cans each Saturday at the shopping center. Area collectors wait in line to sell the cans. Burnett received \$48 for his week's collection. (Staff photo-Ellis Cuevas)

KAFB radio club supplies link

The Keesler Amateur Radio Club set up a radio link with civil defense units in Gulfport, Biloxi and Ocean Springs during Hurricane Frederic. The all-volunteer amateur radio force maintained a constant radio link between the base and local communities, relaying vital emergency information that normally would not have been received.

According to TSgt. Chris Q. Smith, club custodian, the group worked around the clock for the entire period that "Freddie" pounded the Coast. Emergency equipment was set up in one of the base shelters during the peak of the hurricane and operations continued as normally as possible.

The main amateur radio antenna was blown down during the storm, and Air National Guard TSgt. Gary Coon directed the installation of a temporary antenna. During the storm a radio network—a "Two meter net"—was set up to handle emergency information here in the storm area. Operations also included patching messages from parents all over the United States to their sons and daughters stationed here.

"We handled hundreds of messages and I think every one of them was answered," said AB Kenneth Castillo of Keesler's 3413th School Squadron. "It was quite an ordeal that I hope won't have to be done again for a long time, if ever."

Read lease carefully, consumerspecialist warns

By NORINE BARNES
"MONEY TALK"

A house or apartment lease is legally binding. Just as in signing any other contract, your signature makes it binding.

As a prospective tenant, you should read the entire lease and be sure that any special provisions you want are written in the lease.

Does the lease make it clear who is responsible for repairs and maintenance? In the absence of an agreement for the landlord to make repairs, it is the responsibility of the tenant to maintain the property in a safe condition.

According to a recent publication prepared by Jackson Young Lawyers Inc., "the tenant should know if his lease does not clearly state that the landlord is legally obligated to make repairs, then he is not."

Read the fine print to see if taking in a roommate for economic purposes is permitted. Ask if you may sub lease.

What does the lease say about the landlord entering the property? Ask for clarification if the lease gives the landlord permission to enter property at reasonable times.

Does the lease say anything about who pays legal fees if the landlord files any type of charges?

Pay particular attention to what the lease says about increases in rent. Who pays for garbage pickup?

What provisions are given for returning your security deposit? Will there be a late charge? Be sure both parties understand the terms.

Read, understand and comprehend before signing a lease. Many contracts are difficult to grasp. If you find considerable difficulty in un-

derstanding and you really want to move in, consult with your attorney before signing the lease.

NEW SEASON—Gearing up for a new season of movie reviews and specials are "Sneak Previews" hosts, left to right, Gene Skel, Roger Ebert and Spot the Wonder Dog. "Sneak Previews" can be seen weekly this year, alternating movie reviews with special programs devoted to current trends in filmmaking. The new season premieres at 8 p.m., Thursday, October 4, with a look at the cult film phenomenon including "Rocky Horror Picture Show." Repeats are scheduled for 10:30 p.m., Mondays.

Corps ok not required on some restorations

Structures on or near the water which were damaged or destroyed by Hurricane Frederic may be repaired or rebuilt to their original configuration and alignment without a permit from the U.S. Army Corps of Engineers, Mobile District Engineer Col. Robert H. Ryan announced today.

In addition, no permit is needed to replace fill in waterways to restore property or protect damaged structures if the fill is replaced to the

original configuration of the property. Placement of fill in wetlands will require a permit, however.

Permits will be required if changes or deviation from previously authorized specifications are to be made when repairing, rebuilding or filling.

These rules are applicable to structures such as piers, wharves, dolphins, weirs, booms, breakwaters, bulkheads, revetments, jetties, permanent mooring structures,

power transmission lines, permanently moored floating vessels, piling, aids to navigation and any other permanent or semi-permanent structures.

Don Conlon, head of the Mobile District Regulatory Functions Branch, said those seeking permits to perform

urgent work such as dredge or fill operations in navigable waters will receive speedy processing and on-site inspections.

Applicants can phone (205) 690-2505 or write to the U.S. Army Corps of Engineers, Regulatory Functions Branch, Mobile, AL 36622.

Area telephone exchange passes 12,000 mark

The Bay St. Louis - Waveland telephone exchange has now passed the 12,000 telephone mark. 12,726 to be exact, as of August 1979 as compared to 11,631 for the same month last year.

Looking back, telephone growth in the Bay St. Louis - Waveland service area compares favorably with the growth and progress of the area. In 1976 there were 9,115 telephones. In 1970 the number was 7,794 and in 1965 there were 6,978.

Previous to that there were 3,438 in 1960 and 3,311 in 1955. "The growth and development of our area has been good and every indication points toward continued growth," said F.M. Kyle, Jr., District Manager for South Central Bell.

"When a customer picks up his telephone receiver to make a call," Kyle said, "he wants to make it right then - instant dial tone, a clear line, no noise, good transmission. He gets it 99 percent of the time. His phone will also go an average of 20 months without reported trouble. He will get it installed when scheduled 98 percent of the time. And operators will answer nine out of ten calls in 10 seconds or less."

"While maintaining these high levels of service," Kyle said, "the company has worked hard to hold down costs and improve productivity." This has been accomplished through improved operations procedures and technology. The new Electronic Switching System - ESS, that serves our area is evidence of this, offering many optional service features to our customers in the Bay St. Louis - Waveland service.

South Central Bell has announced plans to spend a record \$177 million during 1979 for new and expanded telephone service throughout the state.

The 1979 telephone construction program is the largest in the history of South Central Bell's operation in Mississippi.

"Mississippi is on the move

economically," said Kyle, "and the growing demand for telephone service reflects it. Our forecasts for the five-year period, 1979-1983, indicate a need for over \$861 million in new telephone construction, over half of it for

growth alone. "To put this in perspective, we will be spending an amount over the next five years which represents two-thirds of the \$1.3 billion total investment accumulated over 94 years of operation," Kyle said.

Parenting classes begin here Tuesday

The Gulf Coast Mental Health Center is now beginning its fall series of education programs for parents. The first Bay St. Louis-Waveland class will be held on Tuesday, October 9, 1979, from 7-8 p.m. in the Conference Room of Gulf National Bank, Highway 90, Bay St. Louis.

The program, Systematic Training for Effective Parenting, is designed to assist parents in developing

effective parent-child relationships and in helping their children develop a sense of responsibility, self worth and respect for others. Classes are 1.5 hours in length and will continue for 8 weeks.

For further information call Molly Bowles, Gulf Coast Mental Health Center 1-663-1132 (toll free). Registration will be the evening of the first class, October 9, 1979.

State fair announces 'admission specials'

Week day specials for parking and gate admission will be in effect at this year's Mississippi State Fair October 5-October 14 at the fairgrounds complex in Jackson.

"We are pleased to announce these specials. We feel this will enable families to come to the fair," said Jim Buck Ross, Mississippi Commissioner of Agriculture and Commerce, who is chairman of the Mississippi State Fair Commission.

From 1 p.m. to 5 p.m. weekdays, fairgoers can park their car on the fairgrounds complex for \$3.00 and have

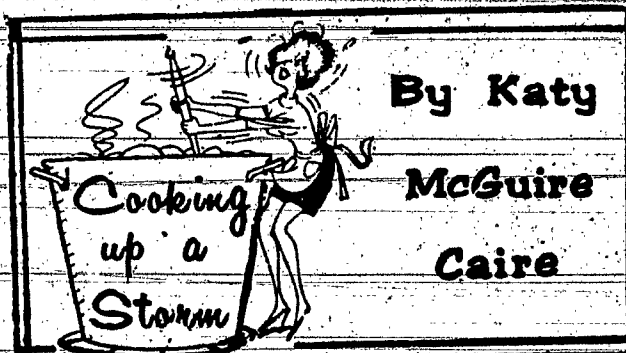

everyone in the car admitted through the gate to the mile-long midway.

During these hours, a bus load of fairgoers can be admitted for \$10.00 including parking and gate admission.

There is free parking and free gate admission daily excluding Saturdays and Sundays to 1 p.m.

All rides are 50 cents each to 6 p.m. except Saturday and Sunday.

Regular gate admission is \$2.00 per person 12 years of age or older from 1 p.m. to closing time. Children under 12 are admitted free. Parking is \$1.00 per car to closing.

Autumn brings to Munich, Germany, each year the famous "Oktoberfest" (stet) - a festival of marvelous food and beer and conviviality akin in spirit to the many harvest festivals in our own country.

The Oom Pah-Pah bands play, the beer flows freely and townspeople and visitors from all over the world dance enthusiastically to the strains of the "Beer Barrel Polka" and other tunes.

Here in America we've borrowed the fun and frolic of the Oktoberfest, celebrating with various famed foods of Germany - the pork and kraut, pancakes and so on. Here on our own coast various groups are also celebrating the Oktoberfest, and some of our restaurants are featuring the traditional German festival foods.

It all began way back in 1810 - when the Crown Prince Ludwig of Bavaria (later known as King Ludwig) married Austrian Princess Theresa... and his countrymen celebrated the event so vigorously that it became known as the "longest wedding feast in the world."

And it still goes on each year... just around this time. So let's raise our steins, say "Prost!" - and even if you can't dance the polka, celebrate happily German style with sausages or pork roast or chops, and that tasty accompaniment, German Potato Salad.

Here's Jane Mollere's authentic recipe:

German Potato Salad
8 medium potatoes
6 eggs (hard boiled)
8 to 10 green onions
2 apples
4 celery sticks
2 garlic olives
1/2 cup vinegar
1/2 cup olive oil
1/2 cup chopped parsley or flakes
Salt, pepper to taste.

Boil potatoes and eggs. Cut apples and garlic into very small pieces. Cut the potatoes into 1/2 inch or smaller pieces.

Place apples and garlic in bottom of bowl, then chop green onions and celery and add a layer of this over the apples and garlic. Add the potatoes, then a second layer of onions and celery, and top with remaining potatoes.

Combine vinegar, oil, salt, pepper, and parsley. Pour this mixture over the potatoes. Mix well. Let stand for 1 hour before serving. (Serves 8-10)

FAMOUS MAROON BAND MEMBERS - Three students from the Mississippi Coast area are among more than 200 members of the Mississippi State University Famous Maroon Band for 1979-80. They are, from left, Peggy Smith of Bay St. Louis, Bert Payne of Long Beach and Mike Cockrell, also of Long Beach. The band will perform a varied repertoire of music and marching maneuvers during halftime at eight Mississippi State University football games this season.

In service

SGT. YARBOROUGH
Staff Sgt. Walter C. Yarbrough, son of Walter F. Yarbrough, 813 View St., Waveland, recently participated in Constant Enforcer, a major field training exercise in central Germany.

Approximately 30,000 American, German, Canadian and Belgian soldiers took part in the exercise.

Constant Enforcer, which involved more than 2,500 tracked vehicles and 300 helicopters, provided units with realistic combat training in a simulated combat environment.

The maneuver was conducted near the scenic and historic Marburg-Kassel area of Germany.

Yarbrough is regularly assigned as a radio operator with the 3rd Armored Division in Frankfurt, Germany. The sergeant's wife, Cheryl, is with him in Germany.

The Hancock North Central Hawks, minus star Split End Byron Ladner, face county rival St. Stanislaus Friday night in a contest which is traditionally a physical, hard hitting event.

Ladner was injured during the HNC-Vancleave game Saturday, and will probably spend the remainder of the season on the bench due to a torn knee ligament, according to Head Coach Irvin Favre.

"We did not think it was too bad because he was walking on the leg, but he went to the doctor and found out he has a torn ligament on the right side of his knee," Favre said Tuesday.

"He will be in a cast for the next four weeks, and is probably through with football for the season," he continued.

"We are just like the Bay High team of two or three years ago, where when we just get started we are plagued by injuries," the coach added.

Favre said the mishap will cause him to shuffle the offensive and defensive line-up around to accommodate the loss.

"We lost an offensive end, a defensive back, and our best kicker," Favre said.

"Keith Glass will take over the kicking duties. He does not have the distance

St. Stanislaus Rock-A- Chaws

By RICH ADAMS
Sports Editor

The St. Stanislaus Rock-A-Chaws, still smarting from a 20-0 loss at the hands of monster-man Sledge High School last week, will attempt to redeem themselves Friday night as they travel to Hancock North Central to meet the Hawks in a bitter county rivalry.

SSC Head Coach Barry Jones is hoping the loss against the large Sledge eleven has prepared his gridiron specialists for the "barndowner" against the Hawks.

HNC's loss of star Split End Byron Ladner, felled by a torn knee ligament last week, will not lessen the task for the Rocks, said Jones.

"(Ladner) is a good football player, but we still have a difficult barndowner on our hands," Jones said Tuesday.

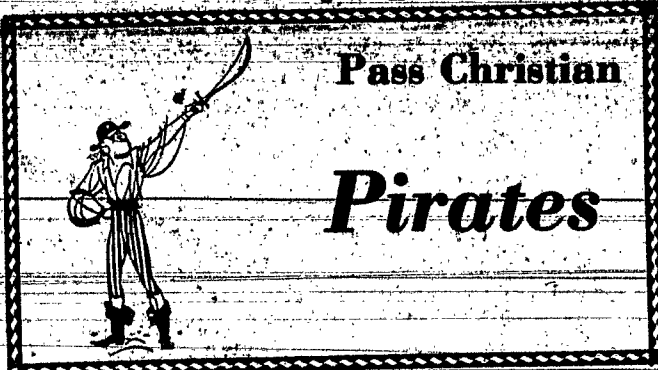

In last week's clash with Sledge, Jones praised both defensive and offensive Rock-A-Chaw squads.

"We played a determined game. In the second half, the defense did an outstanding job. The Sledge offense was within the 20 yard line three times, but the defense held them scoreless in the second half," Jones said.

Jones agreed the upcoming county match will be physical, as it traditionally is, and added the game will be a tough contest.

"I imagine it will be a physical game. SSC has not won a game against the Hawks

The Pass Christian Pirates face a tough Monticello eleven Friday following a resounding 21-9 redemption defeat of Bay High last week.

Second-year Head Coach Bob Lumpkin said his squad needed last week's win bad after losing two in a row against Vancleave and dreaded d'Berleville.

The Pirates and Monticello have never met on the field as opponents, and the first clash promises to be a physical, typically-Pass Christian game.

"I feel we can win the game," Lumpkin said Tuesday.

"Our worst enemy has been ourselves thus far," he added.

Lumpkin was referring to many key plays which the Pirates have failed to capitalize upon in past games, and fumbles and wayward passes deep in enemy territory which produced crucial turnovers.

Lumpkin said he will not change much in his game plan, other than possibly having Rookie Quarterback Cornell Swanier go to the air more times than in previous clashes.

The Pirates have no injuries, the head coach reported.

Monticello is 3-2 for the year, defeating such teams as North Pike, Franklin County, and Northeast Jones.

South Jones, a team which defeated feared Ocean Springs, also defeated Mon-

Bay High Head Coach James "Smitty" Smith is planning to use an "element of surprise" against the yet-undefeated d'Berleville Warriors as they clash at Tiger Stadium Friday night.

Bay High, stunned by a 21-0 loss to Pass Christian last week, are hoping to travel to an uphill upset against the overpowering Warriors in their first home game of the season.

"We are not coming into the game feeling we cannot play on the same field as d'Berleville," Smith said.

"I am confident our fine athletes can give 100 percent and play ball with d'Berleville. This is not to be seen," he added.

Smith's line of attack may be to start the game with a fast start, and give the Warriors a run for their money.

"We are going to come out and play the best we can. We plan to hit d'Berleville with the element of surprise and try to get a few scores occasionally that way," Smith said.

"We are well coached, and it will be hard to surprise them, but we will give it 100 percent."

Bay High's defense was out of sync in its first game. Franklin County's offense, which has scored 100 points in its first two games, was slow in its maneuvers or gimmicks to score. The first year coach said.

Bay High's defense can rebound from the loss to Pass Christian last week and give

Firearm safety stressed as hunting season begins

Treating every gun as if it were loaded may mean never having to say you are sorry, according to the Mississippi Department of Wildlife Conservation.

Now that the current hunting season is underway, wildlife department officials are urging hunters to be safe with guns.

"Since the beginning of the hunter safety program in Mississippi, hunting accidents have been cut dramatically," said Hunter Safety Administrator

Terry Beckman of Clinton.

"Our program is now in many of the public schools around the state and we are instructing many of our future hunters and gun handlers how to be safe with firearms. Even more than that, we want them to have respect for guns whether they are in the field or at home," he added.

Beckman said the hunter safety program is one of the top in the nation, many adults enroll in courses in

the state before going hunting in states like Colorado, which require non-residents to be graduates of such courses.

Working closely with his six field supervisors, Beckman and his staff conduct the basic course in hunter safety for anyone wanting to enter.

Beckman explained that volunteer instructors work closely with his staff, enforcement officers of the wildlife department, and 4-H youth.

THE SEA COAST ECHO

THURSDAY, OCTOBER 4, 1979-1B

Bow season opens Sat.

Mississippi stick and string hunters will be out in full force as the state's deer season kicks off Saturday with the opening of archery season.

If initial estimates are correct, the vast majority of the estimated 25,000 bow hunters will take to the woods in hopes of carrying home a deer, the Mississippi Department of Wildlife Conservation reported.

Latest estimates by the conservation department show that archery hunters that went afield last year harvested almost 4,000 whitetail deer, the state's primary animal.

The total number of deer taken by all hunters last year was slightly more than 57,000.

The archery season will extend through Oct. 3, reopen Nov. 1, and close Nov. 16. The bag limit on deer during these seasons is one adult buck with antlers visible above the natural hairline per day with no season limit.

Or, hunters may take one antlerless deer per day, two per season, but not more than three per license year.

Shooting hours are one-half hour before sunrise until sunset.

This year bowmen will again get their special post-archery deer season from Jan. 16-31. The bag limit will be the same as during the upcoming archery season.

October should bring some of the most stable weather conditions of the year for hunters, the wildlife department reports.

According to the National Weather Service office at Thompson Field in Jackson, daytime temperatures are normally in the low 80s with evening temperatures dropping into the mid-50s.

Winds are usually negligible, with rainfall averaging about one-half inch per week.

One indication of what may turn out to be an above archery-deer season is the apparently excellent condition of this year's mast crop, the fruit of such trees as oak which is a favorite food source for deer.

Two charged with illegal deer hunting

Two Perry County men have been charged with hunting deer with a light and possessing deer, a spokesman for the Mississippi Department of Wildlife Conservation said.

The spokesman said Shot and Elick Stinson were released on \$500 bonds each pending court proceedings.

In an earlier case, James Manning, owner and operator of Manning Processing Plant in Richton, pleaded guilty to charges of receiving and possessing two deer taken illegally, the spokesman reported.

Perry County Judge Marvin Edwards fined Manning \$500 and ordered a 12-month suspended sentence, the spokesman added.

Diamondhead youth nabs record fish

By RICH ADAMS
Sports Editor

Christopher Darling, son to Marge and David Darling, 6636 Golf Club Dr., Diamondhead, recently had his name added to a list of state record holders for largest fish caught.

Darling, while fishing at the Diamondhead Country Club Lake last month, pulled in a nine-pound, six-ounce grass carp which added his name to the record books.

Darling received a letter from the Mississippi Department of Wildlife Conservation noting his record catch, the largest of its species caught using a hook and line.

In the letter from Executive Director Richard K. Yancy, Yancy says "We have received reports of the catch of Grass Carp by commercial fishermen using commercial gear, but yours is the first reported catch on hook and line."

"Your catch adds a new species to our list of Record Fish of Mississippi caught by hook and line fishing," the letter continues.

"Congratulations on your catch and its recording as a new State Record Fish," the letter concludes.

The youth reeled the catch in on July 18, and is added to the list of 28 other species.

SEEING RED-Bay High Quarterback Chuck Boudreau (10) sees red as crimson-jerseyed Pass Pirate defenders pummel the signal caller to the ground in a game last week. Area boxers win bouts

By RICH ADAMS
Sports Editor

Two members of the Bay-Kill-Warrior Boxing Club won matches in Louisiana last Saturday, continuing the young club's winning ways.

Nicky Jones, a 17-year-old Bay St. Louis native, defeated Bernard Mat-thews by a 10-8 points in three two-minute rounds.

Matthews is a member of the New Orleans Police Athletic League.

Bay-Kill-Warrior Boxing Club of the Diamondhead Country Club is the

Kennel Recreation Department in their matches.

"There were 18 clubs there with about 30 boxers," Head Coach John Williams said Monday.

All members came from Lafayette, and none of them got a bout," he said.

Williams said he took Joe Louis Goodman, a 23-year-old 165-pounder, to Louisiana.

Goodman and Jerry Carson, both 15, were the only ones to get a bout.

four pugilists.

"Some of our boys did not go to Louisiana because they were working in Mobile doing clean-up after Hurricane Frederic," Whisenhunt explained. "I think there are wedding bells in the future for one of our boxers, Henry Malley of Delisle," he continued. "Our boys really did a good job Saturday," he added.

Whisenhunt said he has 12 boxers in training who should be ready to box this weekend, when the team travels to Serland, Alabama.

"There is no cost to join the club here, and I welcome anyone interested," Whisenhunt said.

The club meets in the rear of the Disabled American Veteran (DAV) Hall on Main Street in Bay St. Louis.

SIDELINE SYNOPSIS

By Rich Adams
Sports Editor

There is going to be a lot of fine football action this week, highlighted by the traditional rivalry between the HNC Hawks and SSC Rock-A-Chaws.

Bay High plays against yet-undefeated d'Iberville, and Pass Christian clashes with relatively unknown Monticello in Pass Stadium.

The Hawks have lost a fine all-around athlete with the injury of Byron Ladner. Ladner's knee ligament was torn as a Vancleave defender stepped on Byron's leg after a missed pass. One strike against the Hawks.

Stanislaus was defeated by a monster-man squad of Slidell players, which reports indicated looked like a pack of Big 10 college grid players.

Considering the caliber of the Slidell eleven, the SSC crew was fortunate to come out as well as they did in the 20-0 rout.

The Rocks should be commended for their determination in keeping Slidell scoreless in the second half, even after getting within the Rock 20 yard line three times.

That kind of defense is what the HNC squad wants to keep away from, because they have had problems from the 30 yard line in to paydirt.

The match should be a physical defensive battle, but I predict the Rock-A-Chaws will bring the victory to Bay St. Louis Friday night, the first time in two years.

Bay High faces undefeated d'Iberville Friday, and Head Coach James 'Snuffy' Smith plans to take the Warriors with surprise tactics.

The Warriors blew Pass Christian off the field a few weeks ago, and I am afraid the Bay eleven are in for the same treatment.

If the Tigers do pull an upset, they will indeed be the 'Miracle' Tigers, but just to score against the monster-man squad will be a tremendous accomplishment by the Tigers.

I predict, however, that d'Iberville will win by a large margin over the highly motivated but unfortunately inexperienced Bay High eleven.

Pass Christian takes on unknown Monticello this week at Pirate Stadium, and nobody knows too much about the Monticello team.

Reports indicate they have a defensive line which averages between 200 to 210 pounds, and an offensive line just as large.

The backs on offense are inexperienced, but getting better each game in the 3-2 season, according to Monticello Head Coach Sam Bounds.

Pass Pirate second year Head Coach Bob Lumpkin has Gene Lang and John Pat Swanier working hard to eat up yardage, but I believe the Monticello has big enough linemen to eat both Swanier and Lang.

I predict in a low scoring game the Monticello eleven will defeat the Pass High squad.

Tigers

CONTINUED FROM PAGE B1

the Warriors a rough time.

"Losing can hurt a team, and we can go downhill if our attitude goes down," Smith said.

"I feel we have the athletes to believe we can come back and have a good season after Pass defeated us. We will be shooting for this Friday," he added.

"What we need is consistency in the offense. d'Iberville has the consistency, and they have it because they have experienced players," he continued.

"We don't have the experience, but we do have the desire, determination, athletes, and potential for consistency," Smith said.

"d'Iberville has proven itself unbeatable, but that is still to be seen. If we don't beat them, somebody will," he added.

"d'Iberville is a very good team, but we will beat them," he said.

Pearl River, Gulf Coast face off Saturday

Arch rivals Gulf Coast and Pearl River Junior Colleges clash at Biloxi Stadium Saturday night in a crucial game for both junior college squads. Kickoff is at 7:30 p.m.

"It is a 'must' game for us (the Bulldogs) and them (the Wildcats)," said Gulf Coast Head Coach George Sekul.

Both squads are contenders for the South Division title and a crack at the state crown.

Although Pearl River lost 24-7 to Itawamba last weekend while Gulf Coast was downing Northeast 29-9, "past performance means nothing," Sekul said.

"You can throw the books out the window for this one. All I can predict is that the score will be 0-0 when the opening whistle blows," he added.

In spite of its 3-2 record, compared to Gulf Coast's 3-1 standing and a 10th place spot nationally, Sekul still considers PRJC "one of the best teams in the conference."

"They have a splendid offensive team and are three-deep at quarterback. Their various attack formations are deceptive and difficult to cover. Defensively they are sound," he added.

Sekul said he plans "no special strategy" in an effort to contain the Wildcats. As he did against Northeast,

the coach indicated he will alternate quarterbacks Vincent Pleasant of Moss Point and Gordon Fryogle of George County.

"They both did an excellent job in their last outing. Pleasant is a more effective runner, but Fryogle got us on the scoreboard (last Saturday) early in the first quarter," The coach said.

Physically the Bulldogs are in good shape, and Sekul said running back Robert Farmer of Ocean Springs, out for several weeks with injuries, "is expected to see action against PRJC."

In two years, but hopefully we will bring a victory back to St. Stanislaus this week," Jones said.

The first year head coach praised Running Backs Lloyd Henry and Willy Santiago of the Hawks, and called HNC Quarterback Bobby Devaughn "one of the best quarterbacks as far as passing ability is concerned I have ever seen."

"I expect to see Hancock put the ball in the air quite a bit against us," he added.

As to how the Rock-A-Chaws are going to handle the Hawk wishbone offense, Jones said his team is accustomed to playing against option offenses and he will count on his players to read plays and handle assignments to stop the offense.

"Thank goodness none of our players were injured last week," Jones said.

"I just hope we can put it all together Friday night," he added.

Kickoff is at 7:30 p.m. at Hawk Stadium.

Pirates.....

CONTINUED FROM PAGE B1

Monticello 14-0.

Undeclared Tylertown also downed the Monticello eleven.

Monticello Head Coach Sam Bounds said his defensive squad, the line averaging some 200 pounds, is the backbone of the Monticello game attack.

His offensive line is also a key part of his game plan, but Bounds conceded his running backs are somewhat inexperienced.

"They move up a notch each game they play," Bounds said Tuesday.

"We have been lucky because injuries have stayed away from us. Last year they destroyed the team," he continued.

"We are flexible, and have a multitude of defensive line-ups we can use," Bounds said.

"When we find one which works against Pass Christian, we will stay with it," he added.

Bounds said his biggest worry is the combination running of Pirate Running Backs Gene Lang and John Pat Swannier.

"They are two outstanding backs, and we will need a superior defensive effort to contain them," Bounds explained.

"I have the highest praise for Bob Lumpkin. I just hope a defeat does not ride back to Monticello with us Friday night," he added.

The game, played at Pirate Stadium in Pass Christian, will begin at 7:30 p.m.

HNC

CONTINUED FROM PAGE B1

Ladner did for field goals, but he is a fine place kicker," he continued.

"I will put Charlie Davis in the end position," he added.

In the upcoming contest with SSC, Favre said he does not plan any special changes in the game plan, and added he is "just preparing to meet a hardnose ballclub."

"Stanislaus played a fine game against Sildell, a team which outclasses any team in this area," Favre said.

"That game was no indication of the match we have in store for us against St. Stanislaus. Our games are traditionally bitter rivalries," he added.

"We usually get after each other real bad. We are going to have our hands full with the Rock-A-Chaws, and will have to play a fine game to keep up with them," he continued.

"Most importantly, we must get the ball and move it. Lately, when we get inside the 30 yard line, we cannot score," Favre said.

The game begins Friday night at 7:30 p.m. at Hawk Stadium.

BRIEF

PRESCHOOLER'S EYES
True or false? If a preschool child's eyes seem all right, there's no need for an eye check-up until he or she gets to school. Absolutely false: One in twenty children in the preschool years, age three to five, has a vision defect. All vision problems benefit from early treatment and some must be caught before age six or seven if treatment is to be effective. For the pamphlet, "Your Child's Sight," write PREVENT BLINDNESS, 115 Broadmoor, Dr., Jackson, MS 39206. Enclose a stamped, self-addressed business-size envelope.

22. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
23. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
24. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
25. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
26. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
27. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
28. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
29. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
30. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
31. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
32. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
33. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
34. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
35. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
36. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
37. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
38. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
39. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
40. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
41. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
42. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
43. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
44. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
45. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
46. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
47. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
48. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
49. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
50. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
51. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
52. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
53. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
54. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
55. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
56. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
57. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
58. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
59. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
60. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
61. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
62. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
63. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
64. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
65. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
66. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
67. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
68. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
69. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
70. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
71. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
72. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
73. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
74. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
75. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
76. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
77. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
78. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
79. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
80. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
81. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
82. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
83. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
84. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
85. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
86. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
87. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
88. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
89. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
90. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
91. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
92. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
93. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
94. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
95. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
96. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
97. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
98. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
99. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
100. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
101. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
102. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
103. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
104. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
105. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
106. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
107. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
108. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
109. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
110. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
111. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
112. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
113. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
114. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
115. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
116. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
117. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
118. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
119. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
120. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
121. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
122. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
123. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
124. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
125. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
126. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
127. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
128. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
129. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
130. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
131. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
132. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
133. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
134. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
135. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
136. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
137. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
138. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
139. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
140. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
141. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
142. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
143. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
144. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
145. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
146. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
147. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
148. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
149. 100 sq. ft. of land, more or less, situated in the Diamondhead Condominium No. 1, as recorded in Plat Book No. 4, page 35-36, including and including the following:
150. 100 sq. ft. of land

City of Bay St. Louis Residential Subdivision Regulations

STATE OF MISSISSIPPI
COUNTY OF HANCOCK
CITY OF BAY ST. LOUIS

ORDINANCE No. 248

AN ORDINANCE FOR THE CITY OF BAY ST. LOUIS, MISSISSIPPI, CREATING AND ESTABLISHING GENERAL RULES AND REGULATIONS FOR THE RESIDENTIAL SUBDIVISION OF LAND WITHIN SAID CITY, FIXING DESIGN STANDARDS FOR STREETS, HIGHWAYS, AND ALLEYS WITHIN SUCH RESIDENTIAL SUBDIVISIONS, REQUIRING IMPROVEMENTS TO BE MADE BEFORE SUCH SUBDIVISIONS MAY BE APPROVED, REQUIRING THE APPROVAL OF THE PLANNING COMMISSION AND OF THE COUNCIL OF SAID CITY BEFORE ANY MAP OR PLAT OF ANY RESIDENTIAL SUBDIVISION WITHIN SAID CITY SHALL BE RECORDED WITH THE CHANCERY CLERK OF HANCOCK COUNTY, MISSISSIPPI, AND PROVIDING PENALTIES FOR ANY VIOLATION OF THIS ORDINANCE.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF BAY ST. LOUIS, MISSISSIPPI, AS FOLLOWS:

ARTICLE I INTRODUCTION

Section 101. NECESSITY FOR RESIDENTIAL LAND SUBDIVISION REGULATIONS

In order to promote the healthy, safety, convenience, and general welfare of the inhabitants of the City of Bay St. Louis and to assist in bringing about the coordinated, efficient and economical development of the City, there exists a need for the following regulations and minimum standards to be followed in the development or redevelopment of residential land subdivision in Bay St. Louis, Mississippi.

Section 102. AUTHORITY FOR REGULATIONS

This ordinance is hereby adopted pursuant to the Constitution and Statutes of the State of Mississippi, including Sections 2890.5, 3374-123, 3374.126 and 3590 through 3597, inclusive of the Mississippi Code of 1942, as amended, and may be cited as the "Residential Ordinance of the City of Bay St. Louis, Mississippi."

Section 103. TITLE

These regulations shall be known as the Official Residential Subdivision Regulations of the City of Bay St. Louis and may be so cited.

Section 104. PURPOSE

These regulations have as their purpose the attainment of objectives set forth in Section 101 of Article I through the application of procedures, standards, and requirements herein established. Specifically, these regulations are:

- To establish procedures governing the filing and approval of residential land subdivision plats and data within the City of Bay St. Louis.
- To establish minimum standards governing streets, utilities and other required improvements.
- To establish minimum standards governing the preparation and filing of residential land subdivision plats and data to be submitted to the City of Bay St. Louis for approval.
- To insure the proper coordination of future streets and their development with existing or planned streets.
- To fix penalties for the violation of the provisions of these regulations.
- To provide that the City of Bay St. Louis may vary these regulations in certain cases or under certain conditions.

Section 105. JURISDICTION

From and after the date of adoption, these Regulations shall govern all residential subdivisions of land within Bay St. Louis, Mississippi, provided, however, the provision of these regulations shall not be applicable to lands used for commercial or agricultural purposes or for the erection, maintenance, repair or extension of farm buildings or farm structures within the corporate limits; nor to plats of subdivisions recorded as required by law and approved by the City of Bay St. Louis prior to the effective date of these Regulations unless this recorded land is re-subdivided.

ARTICLE II DEFINITIONS

For the purposes of this regulation, the following words, terms, phrases, and their derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future and words in the singular number include the plural number and words in the plural number include the singular number.

- Accessory Building:** A subordinate building located on the same lot with the main building, but the use of which is incidental to that of the main building.
- Alley:** A minor right-of-way, dedicated to public use, which gives a secondary means of vehicular access to the back or side of properties otherwise abutting a street, and which may be used for public utility purposes.
- Block:** A parcel of land, intended to be used for development purposes, which is entirely surrounded by public streets, highways, railroad rights-of-way, public walks, parks or greenbelts, rural land or drainage channels or a combination thereof.
- Board:** Shall mean the Council of Bay St. Louis, Mississippi.
- Buildable Area of a Lot:** That portion of a lot bounded by the required rear and side yards and the building setback line, and the portion of the lot upon which a structure may be placed.
- Building Line or Setback Line:** A line or lines designating the area outside of which buildings may not be constructed, erected or placed.
- Building Permit:** A certificate issued by Bay St. Louis permitting the construction, erection, or placement of a dwelling unit upon a lot of record or any other building or structure constructed for the support, enclosure, shelter, protection of a person or persons, animals, chickens, or property of any kind with a cost exceeding \$500.00.

8. **Dead End Street:** Any local street, other than a cul-de-sac, which has only one outlet.

9. **Developer:** Any person engaged in developing or improving a lot or group of lots or structures thereon for use or occupancy.

10. **Development:** The act of building structures or installing site improvements.

11. **Dwelling Unit:** Any building or structure designed, built or used for human habitation.

12. **Easement:** A grant by the property owner to the public, a corporation or persons of the use of a strip of land for specific purposes.

13. **Engineer:** Shall mean a qualified Professional Engineer registered in the State of Mississippi.

14. **Grade, Finished:** The completed surfaces of lawns, walks, and roads, brought to grades as shown on official plans or designs relating thereto.

15. **Lot:** A parcel of land which is or may be occupied by a building, its accessory buildings and uses customarily incident thereto, together with such yards or open spaces within the lot lines as may be required by this Regulation, and fronting upon a public dedicated street.

16. **Lot Area:** The total horizontal area included within the lot lines.

17. **Lot, Corner:** A lot located at the intersection of and abutting on two (2) or more streets.

18. **Lot Depth:** The average distance from the street right-of-way line to the rear lot line, measured in a straight line, along the side lines of the lot.

19. **Lot, Double Frontage:** A lot which runs through a block from street to street and which abuts two (2) or more streets.

20. **Lot, Reverse Frontage:** A lot fronting on two (2) parallel streets, one a minor street and the other of higher classification with access only to the minor street.

21. **Lot Width:** Shall mean the width of a lot at the building setback line measured parallel to the street right-of-way line.

22. **Planning Commission:** Shall mean the Planning and Zoning Commission of the City of Bay St. Louis, Mississippi.

23. **Plat, Final:** A map of a land subdivision prepared in a form suitable for filing of record with the necessary affidavits, dedications and acceptances, and with complete bearings and dimensions of all lines defining boundaries, lots and blocks, streets, alleys, public areas and other dimensions of land.

24. **Plat, Preliminary:** A map of a proposed land subdivision showing the character and proposed layout of the tract in sufficient detail to indicate suitability of the contemplated subdivision of land for the intended use.

25. **Private Drive:** A right-of-way which has the characteristics of a street, as defined herein, except that it is not dedicated for public use. A driveway located on a lot which serves only that lot is not considered a private drive.

26. **Public Uses:** Includes public parks and recreation, schools, and other educational or cultural facilities, libraries, hospitals, fire stations, police stations, jails, or other public offices or administrative facilities.

27. **Public Utility:** Any person, firm, corporation, municipal department, or board duly authorized under state or municipal regulations to furnish such public services as electricity, gas, water, sewer, telephone, telegraph, transportation, or other public utility services to its subscribers or customers.

28. **Right-of-Way:** A grant by the property owner, usually in the form of a dedication to the public, of a strip or strips of land to be used primarily for transportation passage over the land.

29. **Sidewalk:** That portion of a street or crosswalkway, paved or otherwise surfaced and intended for pedestrian use only.

30. **Streets:** A way for vehicular traffic, whether designed as a highway, thoroughfare, parkway, throughway, road, street, avenue, boulevard, lane, place, or however otherwise designated.

31. **Street, Arterial and Highway:** A street or road-way which is used principally for fast or heavy traffic movement and that forms a part of the primary street and highway system serving the City of Bay St. Louis.

32. **Street, Collector:** A street which carries traffic from minor streets to major streets and includes the principal entrance streets of a residential development and streets for circulation within such a development.

33. **Streets, Cul-De-Sac:** A minor street with a turn-around and permanently closed to through traffic, used primarily for access to the abutting properties.

34. **Street, Frontage or Service:** A minor street, auxiliary to and located along the side of a major street, for service to abutting properties and adjacent areas for control of access and protection from through traffic.

35. **Street Grade:** The officially established grade of the street upon which a lot fronts. If there is no officially established grade, the existing grade of the street at the center of the right-of-way shall be considered as the street grade.

36. **Street, Major:** A street, other than an arterial street or highway, which provides access to the various traffic generators within the city and connects with the city arterial street and highway system.

37. **Street, Minor:** A street which is used primarily for access to the abutting properties.

38. **Subdivider:** Any person or persons, firm, partnership, corporation or other organization acting as an entity, subdividing or proposing to subdivide land as herein defined by these Regulations.

39. **Subdivision:** The division or re-division of land into two (2) or more lots, tracts, sites, or parcels for the purpose of transfer of ownership or for development or both, or the dedication or vacation of a public or private right-of-way or easement.

40. **Use:** The specific purpose for which land or a building is designed, arranged, intended, or for which it is or may be occupied or maintained. The term "permitted use" or its equivalent shall not be deemed to include any nonconforming use.

ARTICLE III

ADMINISTRATIVE PROCEDURES

Section 301. PRELIMINARY REVIEW

Before preparing a Preliminary Plat and submitting the same to the Planning Commission for approval, the subdivider may meet and consult informally with the

Planning Commission for the purpose of ascertaining the locations of proposed major streets, parks, playgrounds, school sites and other planned projects, which may affect the property being considered for subdivision. At the same meeting, the subdivider may review with the Planning Commission the minimum standards of subdivision design set forth in Article III. This informal review should prevent unnecessary and costly revisions in the layout and development of the subdivision. Formal application or filing of a plat with the Planning Commission is not required for this informal advisory meeting.

Section 302: PLAT REQUIRED

A plat shall be required and these Regulations shall apply to the following forms of land subdivision:

- The division of land into two (2) or more lots, tracts, sites or parcels, any part of which, when subdivided, shall contain less than three (3) acres in area; or
- The division of land, previously subdivided or platted, into lots, tracts, sites or parcels, of less than three (3) acres in area; or
- The dedication, vacation or reservation of any public or private easement through any tract of land regardless of the area involved, including those for use by public and private utility companies; or
- The dedication or vacation of any street or alley through any tract, lot or parcel of land regardless of the area involved.

A division of land resulting in any lot, site, or parcel of less than three (3) acres in area which is to be used for agricultural purposes only shall be exempt from the provisions and requirements of these Regulations when such division does not involve the construction of any new public roads or streets or easements of access which are tendered to Bay St. Louis for maintenance. Commercial sites are also exempt from these Regulations.

Section 303: PROCEDURE FOR APPROVAL OF PRELIMINARY PLAT

303.1 Submit Application for Preliminary Plat Approval

Following the preapplication review of a proposed subdivision, the subdivider shall submit to the secretary of the Planning Commission, at least fifteen (15) days prior to the next regular meeting of the Planning Commission, the following:

- An application (See pages 10 and 11) conforming to the requirements of Article III of these Regulations, requesting review and approval of the preliminary plat, and,
- Five (5) copies of the preliminary plat conforming to the requirements set forth in Article III of these Regulations.

c. General plan for development of the entire subdivision.

303.2 Preliminary Plat Requirements:

- Scale**
The preliminary plat shall be clearly and legibly drawn at a minimum scale of one (1) inch equal to one hundred (100) feet.
- Sheet Size**
Sheet size shall be eighteen by twenty-four (18 x 24) inches. If the complete plat cannot be shown on one (1) sheet of this size, it may be shown on more than one (1) sheet with an index map on a separate sheet of the same size.
- Ground Elevations**
The preliminary plat shall show ground elevations, based on mean sea level.
 - For land that slopes two (2) percent or less, show contours with an interval of two (2) feet and spot elevations along all drainage channels, swales, and at selected points where changes in elevation are not readily discernable from the contours.
 - For land that slopes over two (2) percent, show contours with an interval of five (5) feet.

APPLICATION FOR PRELIMINARY SUBDIVISION PLAT APPROVAL

Name of Subdivision: _____
Number of Lots in Subdivision: _____
Zoning Classification of said Property: _____
(Attested by City Zoning Enforcement Officer) _____
Name of Owner: _____
Name of Engineer: _____
Name of Applicant: _____
Address of Applicant: _____
Telephone Number of Applicant: (Business) _____ (Home) _____
Date of Application: _____
Names and Addresses of Adjacent Land Owners: _____
Legal Description of Property _____
As recorded in Book Number _____ Page Number _____
in the records of Hancock County, Mississippi, legal description of said property is as follows: _____

There are (are not) restrictive covenants or deed restrictions (which are attached).

continued next page

b. When an independent water system, including water well distribution lines, and elevated reservoirs or pressure storage tanks are installed, the water shall be tested for purity as approved by the Mississippi State Board of Health upon completion of the system and prior to its use. Such a system also shall be approved by the Mississippi Public Service Commission. The subdivider shall furnish the Planning Commission with a certificate from the Mississippi State Board of Health and from the Mississippi Public Service Commission that they have made a physical inspection of the subdivision and approve such system. For the purposes of the Regulations a water supply from administration water system shall be considered an independent system.

5. If the subdivision is so located that it can be reasonably served by the extension of an existing municipal or other sanitary sewer system, the applicant shall be required to provide sufficient land and treatment capacity to accept the loads that would be imposed by the subdivision. The subdivider shall enter into an agreement with the agency owning the same for the extension of the said sewer system at his expense so that the sanitary sewer service shall be made available for each lot within the subdivision. The subdivider shall submit to the Planning Commission plans for each extension of a municipal or other sanitary sewer system with a certificate of approval from the Mississippi Air and Water Pollution Control Commission prior to the initiation of construction.

b. Where there are no existing sewage treatment facilities, or where existing sewage treatment plant(s) are inadequately serving the needs of the subdivision, the subdivision shall provide provisions for sewage treatment. The provisions shall be made by the subdivider, subject to the approval of the Mississippi Air and Water Pollution Control Commission. The subdivider shall furnish the Planning Commission with a certificate from the Mississippi Air and Water Pollution Control Commission that they have made a physical inspection of the subdivision and approve the sewage treatment facilities.

6. Where no sanitary sewer system exists, the subdivider shall provide a sanitary sewer system, complete with treatment facilities that will adequately meet the needs of the subdivision and shall provide sewer connections for each lot within the subdivision. The subdivider shall submit to the Planning Commission plans for such system with a certificate of approval from the Mississippi Air and Water Pollution Control Commission prior to the initiation of construction.

d. Sanitary Sewer systems shall conform to the following requirements and/or such requirements as the Mississippi Air and Water Pollution Control Commission may prescribe:

1. Minimum pipe size allowed shall be 8 inches in diameter, except when a line provides service for more than 4 single family residences and does not exceed 150 feet in length, a 6 inch diameter pipe may be used.
2. Gradients, pipe type, location and type of manholes, characteristics of lift stations and treatment facilities shall comply with the requirements of the Mississippi Air and Water Pollution Control Commission.
3. Sanitary manholes shall be spaced at intervals not to exceed 400 feet and at each junction or change in alignment.
4. All sanitary sewers shall be designed to carry peak rates of flow of 100 gallons per capita per day.
5. Infiltration rate in designated high water table areas shall not exceed 500 gallons per day per inch of pipe diameter per linear mile.
6. Curvilinear sewers will not be allowed. Line of sight is required between manholes.

Sidewalks shall be provided on both sides of all arterial, major, collector and frontage streets, or only on one side where deemed appropriate by the Planning Commission. Sidewalks shall be concrete and a minimum of 4 feet wide in residential areas and 7 feet wide in business areas, and shall conform to the requirements and specifications for concrete sidewalks of the Mississippi Neighborhood Standards, Land Planning Bulletin, Federal Housing Administration, latest edition such-referenced document. The requirements of this section may be modified by the Planning Commission or waived by the Planning Commission when it can be shown that sidewalks serve no useful purpose.

Street name markers shall be placed at the corner of all street intersections. Said markers shall be of an approved design in current use.

9. Right Distances

No fence, wall, hedge or shrub planting which will obstruct sight lines at elevations between 2 feet and 8 feet above the roadways shall be constructed or permitted to remain on any corner lot within the triangular area forming by the street property lines and a line connecting them at points 25 feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street lines extended. The same sight line limitations shall apply on any lot within 10 feet from the intersection of a street property line with the edge of a driveway pavement or alley boundary.

2. The subdivider shall have prepared 5 sets of blue-line prints of the construction plans for the required improvements and said plans shall be submitted and approved as hereinafter set forth before construction of any type is begun in the subdivision.

b. All improvements required in these regulations shall be designed by and constructed under the supervision of a qualified professional engineer registered in the state of Mississippi and employed by the subdivider.

c. Construction plans shall be submitted on 18 inch by 24 inch sheets and shall consist of combination plan and profile for each and a typical cross-section of the proposed grading, drainage, base course, and pavement. Detailed plans shall be submitted for the water and sanitary sewer systems, culverts, drainage structures and bridges, if applicable, standard plans issued by the Mississippi State Highway Department may be included for reference. The plan and profile sheets (streets and sanitary sewers) shall be drawn to a scale of 1 inch equals 5 feet horizontal and 1 inch equals 5 feet vertical, and shall be based on U. S. Government Datum (mean sea level).

d. The construction plans shall first be approved by the Mississippi Air and Water Pollution Control Commission, and the Mississippi State Board of Health and the Mississippi Public Service Commission as required by the Regulations and have received the approval from said agencies attached thereto. Also there shall be attached a certification of the engineer of the subdivider stating that all such plans have incorporated all changes, if any, recommended by the respective State agencies.

e. The subdivider shall then submit 5 sets of the construction plans complete, with attached certificates to the Planning Commission for review and approval. Upon approval of said plans with such changes and alterations as may be ordered by the Planning Commission, approval of the City of Bay St. Louis, the 5 sets of construction plans will be stamped, approved, dated and signed by the Chairman and Secretary of the Planning Commission and the Mayor of the City of Bay St. Louis, and an order authorizing the construction of improvements in accordance with the approved plans and specifications will be entered upon the minutes by the City of Bay St. Louis. (2) sets of the approved plans will be returned to the subdivider; two (2) sets of the approved plans will be retained by the Planning Commission and one (1) set of the approved plans will be retained by the City of Bay St. Louis.

f. Upon completion of the work, the Engineer of the subdivision shall furnish the City of Los Angeles and the Planning Commission with a certification stating that all work has been completed in conformity with the approved construction plans and specifications. The Planning Commission may require the Engineer of the Commission make a field inspection of the completed work to verify that the required improvements have been properly constructed in conformity with the approved construction plans and specifications. However, such field inspection shall not relieve the subdivision of responsibility for any subsequent failure to the constructed improvements in whole or in part. Nor does approval by the Planning and Zoning Commission relieve the Engineer from errors in design or construction.

1. Deferment of Required Improvements

Where the Planning Commission shall determine that it is not necessary or not desirable that all required streets and other improvements be completed prior to the approval of a Final Plan, the Planning Commission, following consultation with the subdivider and the engineer employed by the subdivider, may defer the construction and/or completion of such required improvements as deemed appropriate; provided, however, that such deferment shall in no way serve to nullify the intent and purposes of these regulations. Upon recommendation of the Planning Commission, the Mayor of St. Louis shall require that the subdivider provide for the completion of deferred improvements by complying with the necessary Sections and provisions of this Article.

The City of Bay St. Louis shall require the subdivider to post a performance bond in an amount sufficient to properly complete all deferred improvements in accordance with the approved construction plans and specifications. The Planning Commission shall recommend to the City the amount of the performance bond deemed appropriate by the Commission.

a. Where the construction of a sanitary sewer system and/or sewage treatment facilities has been deferred, the subdivider shall follow the procedure set forth by these Regulations so as to comply with the water quality criteria of the Mississippi Air and Water Pollution Control Commission.

b. When a subdivision contains lot sizes less than the minimum size established by the Mississippi Air and Water Pollution Control Commission for residential lots where a public sanitary sewer system is not available (Article III), the subdivider shall submit to the Planning Commission two (2) certified true copies of the subdivision plat showing location, all lots and their dimensions and streets, upon which shall be delineated component segments of the subdivision, not to exceed thirty (30) acres in size, or fractions thereof. A duplicate set of such delineated subdivision plats shall be provided the City of Bay St. Louis for use by the City Zoning Enforcement Official.

c. Building permits (Article II) shall be issued until the average density reaches one (1) dwelling unit per three (3) acres, not to exceed ten (10) dwelling units per thirty (30) acres of developable land, or such other density of dwelling units as may be established for the particular subdivision by the Mississippi Air and Water Pollution Control Commission. Lakes, ponds, other bodies of water and swamps shall not normally be considered as a part of developable lands for the purposes of these density computations. Spacing of residences must be at least 200 feet apart, and clusters in one area prohibited.

d. It is further provided that when established density is reached, no further building permits shall be issued until at such time the subject requests in writing and receives from the City of Bay St. Louis approval to initiate installa-

tion of sanitary sewers and treatment facilities in accordance with the approved construction plans and specifications. The bidder shall certify that within sixty (60) days after receipt of approval by the City of Bay St. Louis construction work of said system shall start and be completed by or within the time period stated by his Engineer, or as may be deemed appropriate by the City.

Initial sanitary sewer construction may be for the entire subdivision or for components and fractions thereof, where additional dwelling units will result in densities exceeding the average dwelling unit density established for the particular subdivision. All sanitary sewer construction shall provide adequate sewage treatment facilities, and where construction is staged for a component segment of a subdivision, treatment facilities shall be approved by the Mississippi Department of Transportation for each component stage until the subdivision is totally served.

When the Planning Commission shall determine that all or certain deferred improvements for a subdivision are necessary to insure and protect the public health, safety or convenience, the subdivider shall be requested to submit to the Planning Commission to establish a construction schedule for the initiation and completion of such required improvements. The Planning Commission shall then recommend to the City of Bay St. Louis that the subdivider be ordered by the City to start construction of required improvements deemed necessary in the public interest and that such work be completed in accordance with the construction plans and specifications and the time period established.

In granting variances and modifications, the Commission may require such conditions as will, in its judgment, substantially secure the objectives of the standards and requirements so varied or modified.

a. Where the Planning Commission finds that extraordinary hardships may result from strict compliance with these Regulations, it may vary the Regulations so that substantial justice may be done and the public interest secured, provided that such variance will not have the effect of nullifying the intent and purposes of these Regulations.

b. The fact that a subdivider could realize a greater financial return by the use of his property that is contrary to these Regulations is not sufficient reason for change. Hardship cannot be proved where it can be shown that property was purchased without the knowledge of existing restrictions, nor can hardship be claimed in terms of prospective sales or potential customers.

a. The standards and requirements of these Regulations may be modified by the Planning Commission in the case of a plan and program for development of a village, a complete community, a neighborhood, or other form of planned unit development, which in the judgment of the Planning Commission provides adequate public spaces and improvements for the circulation, recreation, light, air, and service needs of the tract and fully developed and proposed and which also provides such covenants or other legal provisions as will assure its development.

b. A comprehensive group housing development including the construction of two (2) or more buildings together with the necessary and convenient ways of access and which is not subdivided into customary lots, blocks and streets may be approved by the Planning Commission if, in the opinion of the Planning Commission departure from these Regulations for subdivisions can be made without destroying the intent of the Regulations. Plans for all such developments shall be submitted to and approved by the Planning Commission.

Where a proposed subdivision would contain no new streets and less than ten (10) lots and where City water and sewerage is available, the procedure of preparing a Preliminary Plat may be waived by the Planning Commission.

A. The final plat shall conform substantially to the preliminary plat as approved by the Planning Commission and the City of Bay St. Louis, and, if desired by the subdivider, it may constitute only that portion of the approved preliminary plat which he proposes to redevelop at the time, provided, however that such portion conforms to all requirements of these Regulations.

B. The Planning Commission shall check the final plat for conformance with the approved general plat requirements set forth in Article III: (Final Plat Requirements) and with the rules and regulations of this Order. If deemed necessary, the Planning Commission may afford a hearing on the final plat, notice of the time and place of which shall be sent by the secretary of the Planning Commission by registered or certified mail to the applicant requesting final plat approval. The hearing shall be held prior to the date of the hearing.

C. Thereafter, the Planning Commission shall recommend to the City of St. Louis approval or disapproval of the final plat. A notation of the action taken by the City of St. Louis shall be made on the original and two (2) copies of the final plat, including a statement of the reasons therefor if the final plat is disapproved.

A. Upon approval of the final plat, the subdivider shall have the plat duly recorded in the office of the Chancery Clerk of _____.

Bay St. Louis Residential Subdivision Regulations continued

Hancock County as required by law, and shall be responsible for payment of the recording fee.

- B. Following the recording of the final plat two (2) copies of the final plat with all certificates required shall be provided by the subdivider for the records of the Planning Commission. The Book, Volume and Page Numbers where the plat is recorded shall be shown on each copy of the final plat furnished the Planning Commission.
- C. The City approval of the final plat will become null and void if it is not recorded within thirty (30) days after final approval.

ARTICLE IV

MINIMUM STANDARDS OF DESIGN

Section 401. SUITABILITY OF LAND FOR SUBDIVISION DEVELOPMENT

The Planning Commission shall not approve the subdivision of land if, after adequate investigations have been conducted by the public agencies concerned, it is determined that in the best interest of the public the particular site is not suitable for the type of platting or development proposed. Land subject to flooding, or land deemed to be topographically unsuitable, shall not be platted for residential occupancy, nor for any other use which may increase the flood hazard, aggravate erosion, or endanger health, life or property. However, any such lands which are adjacent to or contiguous with existing lots or parcels of record may be subdivided as auxiliary lots for purposes other than residential construction.

401.1 Streets

A. Conformity to the Major Street Plan

The pavement, widths, rights-of-way and locations of all streets shall conform to the City's Major Thoroughfare Plan.

B. Street Extensions

1. The street layout of the proposed subdivision shall provide for the continuation of streets already existing in areas adjacent to the area being subdivided, unless the Planning Commission deems such continuation or extension undesirable for specific reasons of topography or design.
2. Where, in the opinion of the Planning Commission, it is desirable to provide street access to adjoining properties, proposed streets shall be extended by dedication to the boundaries of such properties. Where the Planning Commission deems it necessary, such dead end streets shall be provided with a temporary turnaround having a radius of at least fifty (50) feet.
3. The street system for the proposed subdivision shall provide for extending existing streets at the same or greater width, but in no case shall a street extension be of less width than the minimum width required in these regulations for a street in its category.

C. Dedication of Right-of-Way for New Streets

1. The dedication of right-of-way for new streets measured from lot line to lot line shall be as shown on the City Major Thoroughfare Plan, or, if not shown thereon, shall meet the following standards:

Street Type	Minimum Dedicated Right-of-Way Width
Arterial Streets	120 feet
Major Streets	80 feet
Collector Streets	60 feet
Minor Streets	50 feet
Dead End Streets (or Cul-de-Sacs)	50 feet
Marginal Access Streets	40 feet
Alleys	30 feet
Commercial and Industrial Areas	30 feet

The City Planning and Zoning Commission may require greater or lesser right-of-way widths for certain specific situations.

Streets shall be constructed as limited access (controlled access) streets.

access). All points of access shall be approved by the Planning Commission. Marginal access streets may be required by the Planning Commission for subdivision fronting on arterial streets.

3. Through proposed business areas, street widths shall be increased up to ten (10) feet on each side if needed to provide parking without interfering with normal traffic movements.
4. In cases where topography or other physical conditions make a street of the required minimum width impracticable, the Planning Commission may modify these requirements.

D. Dedication of Right-of-Way for Existing Streets

Subdivisions platted along existing streets shall dedicate additional right-of-way if necessary to meet the minimum street width requirements as previously set forth.

1. The entire minimum right-of-way width shall dedicate additional right-of-way if necessary to meet the minimum street width requirements as previously set forth.
2. One-half (1/2) of the required right-of-way width, measured from the center line of the existing roadway, shall be dedicated where the subdivision is located only on one side of an existing street.
3. Dedication of one-half (1/2) of the right-of-way for proposed streets along the boundaries of land proposed for subdivision shall be prohibited, unless adjoining property is dedicated in the same plat.

E. Pavement Width

Pavement widths shall be in accordance with Mississippi Neighborhood Standards, Land Planning Bulletin, Federal Housing Administration, latest editions each referenced document, subject to review and approval by the Planning Commission. Where curbs and gutters are used, the minimum paved street width shall be measured from back of curb to back of curb.

F. Curbs and Gutters

All minor streets shall have curb and gutter, unless otherwise approved by the Planning Commission.

G. Intersections

1. Streets shall intersect as nearly as possible at right angles. No street shall intersect any other street at less than 60 degrees unless approved by the Planning Commission.
2. Street curb intersections shall be rounded by a radius of at least twenty (20) feet. When the smallest angle of a street intersection is less than sixty (60) degrees, the Planning Commission shall require curb radii of greater length. Wherever necessary to permit the construction of a curb having a desirable radius without reaching the sidewalk at a street corner to less than normal width, the property line at such street corner shall be rounded or otherwise set back sufficiently to permit such curb construction.

H. Curves in Streets - Horizontal and Vertical

1. A tangent at least one hundred (100) feet long shall be introduced between reverse curves on arterial and collector streets.
2. Where there is a deflection angle of more than ten (10) degrees in the alignment of a street, a curve with a radius adequate to insure safe sight distance shall be made. The minimum sight distance shall be:

Street Type	Minimum Sight Distance
Arterial	350 feet
Major	275 feet
Collector	150 feet
Minor	100 feet
3. All changes in grade for streets shall be connected by a vertical curve of a minimum length necessary to provide adequate sight distance and other safety factors.

I. Street Grades and Elevations

Street grades shall be reviewed by the engineer of the Planning Commission (or a qualified engineer) and approved by the Planning Commission.

All streets shall be designed so as to provide for the discharge of surface water from the pavement and from the right-of-way by grading and drainage. For adequate drainage, the minimum street grade shall not be less than one-half (1/2) of one (1) percent, with a minimum crown of 1/8" per foot.

The Planning Commission shall not approve streets which will be subject to inundation or flooding. All streets must be located at elevations which will make them floodfree in order that portions of the subdivision will not be isolated by floods. Where flood conditions exist, the Planning Commission shall require profiles and elevations of streets in order to determine the advisability of permitting the proposed subdivision activity. Drainage will be adequate to handle the Standard 10 year rainfall with runoff factors approved by the Planning Commission.

J. Marginal Access Streets

Where the proposed subdivision abuts upon or contains an existing or proposed arterial street or highway which carries traffic volumes and vehicular speeds warrant special safety considerations, the Planning Commission may require that marginal access streets be provided in order that no lots will front on such existing or proposed arterial street or highway.

K. Street Jogs

Street jogs with center line offsets of less than one hundred and twenty-five (125) feet shall not be made.

L. Dead End Streets (Cul-de-Sacs)

Cul-de-sacs shall be provided at the closed end of a street with a turnaround having an outside roadway diameter of at least 80 feet and a street property line diameter of at least 100 feet. A cul-de-sac street shall not exceed 600 feet in length, measured from the street entrance to the center of the turnaround.

M. Street Names

1. Proposed streets which are obviously in alignment with other already existing and named streets shall bear the names of such existing streets.
2. The name of a proposed street which is not in alignment with an existing street shall not duplicate the name of any existing street irrespective of the use of the suffix street, avenue, boulevard, drive, place, court, land, road, pike, highway, parkway, or similar suffix, and must be approved by the Planning and Zoning Commission.

N. Private Streets

1. There shall be no private streets platted within a subdivision.

O. Alleys

1. Alleys shall be provided in commercial and industrial districts except that the Planning Commission may elect to waive this requirement where other definite and approved provisions are made for access to such areas, such as street loading, unloading and parking, consistent with and adequate for the uses proposed.

consistent with and adequate for the uses proposed.

2. The width of an alley in commercial and/or industrial sections shall be a minimum of 30 feet.
3. Alley intersections and sharp changes in alignment shall be avoided, but, where necessary, corners shall be cut off sufficiently to permit safe vehicular movement.
4. Dead-end alleys shall be avoided where possible, but, if unavoidable, such alleys shall be provided with adequate turn-around facilities at the dead-ends as determined by the Planning Commission.
5. Where alleys are used in residential areas, the width shall be a minimum of 20 feet.

401.2 Blocks

A. Length

Block lengths shall not exceed twelve hundred (1,200) feet or be less than four hundred (400) feet, except where the Planning Commission considers it necessary to secure a more efficient use of land or a more desirable street layout.

When a block exceeds 600 feet in length, the Planning Commission may require pedestrian crosswalks, not less than 10 feet wide, to provide circulation or access to schools, playgrounds, shopping centers, transportation and other community facilities.

B. Blocks shall be wide enough to allow two (2) tiers or lots of minimum depth. However, where this would require lots to front on an arterial street or highway, or where topographical conditions or the size of the property prevent two (2) tiers of lots, the Planning Commission may approve a single tier of lots of minimum depth.

401.3 Lots

A. Relationship to Streets

All lots shall front on a public street or road for a minimum distance of sixty (60) feet, except that lots which front on the turnarounds of permanent dead end streets shall front on such turnarounds for a minimum distance of forty (40) feet.

Except where infeasible, side lot lines shall be at right angles to straight street lines, and radial to curved street lines.

B. Flooding

Each lot in a subdivision shall contain a building area completely free from danger of flooding. Where platted lots and lands of a subdivision are subject to inundation, the limits of such areas subject to inundation shall be clearly indicated on the preliminary plat and final plat.

C. Dimensions

The size, shape, and orientation of lots shall be such as the Planning Commission deems appropriate for the type of development and use contemplated.

1. Lot dimensions with the City shall conform to the requirements of the City Zoning Ordinance.
2. The minimum width and minimum area of residential lots to be served by individual private wells shall be determined by the City Health Officer or City Engineer after investigation of soil conditions, the proposed sewerage system, and the depth of ground water.
3. Depth and width of properties reserved or laid out for commercial and industrial purposes shall be adequate to meet the needs of the type of use and development contemplated and provide for proper off-street service and parking facilities.

D. Building Setback Line

The building set back line shall be as set by the Zoning Ordinance of the City of Bay St. Louis.

E. Yard Requirements

Yard requirements shall be as determined by the Zoning Ordinance of the City of Bay St. Louis.

401.4 Off Street Loading and Parking Facilities

In commercial and industrial subdivisions and in portions of residential subdivisions reserved for commercial or industrial uses, the lots or parcels platted for commercial or industrial sites shall be large enough to provide for off street loading and unloading facilities and off street parking facilities.

401.5 Utility Easements

- A. Easements across lots centered on rear or side lot lines shall be provided for utilities where necessary and shall be at least fifteen (15) feet wide.
- B. Where easements intersect, or sharp changes in alignment are necessary, corners shall be cut off sufficiently to permit equipment access, subject to the approval of the Planning Commission.
- C. No buildings, fences, or structures shall be permitted within utility easements unless specifically approved by the Planning Commission.
- D. Any overhanging limbs, shrubbery or other vegetation forming an obstruction may be removed from within the limits of a utility easement at the discretion of the maintenance personnel of the utilities installed or to be installed in or above the easements.
- E. Every easement shall terminate at both ends upon a street, alley or another easement, except that deadend easements will be permitted where necessary, upon review and approval by the Planning Commission.
- F. Where a subdivision is traversed by a water course, drainage way, channel or stream, there shall be provided a storm water easement for drainage of not less than fifteen (15) feet in width, conforming substantially with the alignment of such water course, drainage way, channel or stream. Storm water easements for drainage may be of greater widths as determined by the Engineer of the Planning Commission to accommodate anticipated storm flows, future construction and channel maintenance. No building fence, poles or other obstruction shall be permitted within the drainage easement, unless specifically approved by the Planning Commission. Fences and poles may be permitted along the edge of the drainage easement if such fences and poles do not obstruct the water flow of a stream, channel or drainage way. The Planning Commission may waive the time period of flood frequency deemed appropriate for the particular location of the subdivision.

401.6 Conformance with Planning and Other Regulations

No subdivision shall be platted within the area of jurisdiction of an existing zoning ordinance which is in conflict with the provisions of these regulations.

Palomino Horse Show today opens ten-day State Fair

Visitors to this year's Mississippi State Fair at the fairgrounds complex in Jackson Friday, Oct. 5 through Sunday Oct. 14, will find an expanded version of the annual event.

For the first time the Mississippi State Fair will consist of 10 days of activities.

Royal American Shows will again provide the rides and other attractions along the fair's mile-long midway.

In addition, there'll be livestock judging events, agricultural and commercial exhibits and judging of flowers, arts and crafts and foods.

Each year, the Mississippi State Fair becomes bigger and better," said Jim Buck Ross, Mississippi Commissioner of Agriculture and Commerce, chairman of the Mississippi State Fair Commission.

Ross continued, "This year, the Mississippi state Fair Commission is proud to offer fairgoers the biggest fair ever. It offers 10 big days of fun and excitement for the entire family."

A Palomino Horse Show Thursday, October 4, prior to the fair's official Friday, October 5 opening, is the first major activity.

That show will be followed by four additional days of judging Quarter horses and Appaloosa horses. The Quarter horse show is scheduled Friday, October 5, and Saturday, October 6, while the Appaloosa show will take place Monday, October 8, and Tuesday, October 9.

Livestock judging begins Wednesday, October 10, with the senior market hog show. On Thursday, October 11, the major event is the senior sheep show.

Friday, October 12, judging events include the senior dairy show, the Jersey Futurity and the Holstein Futurity and special Dairy Classes.

Junior judging events are scheduled Saturday, October 13, with the junior breeding and market hog show, the

junior dairy cattle show and the junior market steer show. The junior judging events continue Sunday, October 14, with the junior lamb show.

The final junior judging events are scheduled Monday, October 15, and include the Junior Beef Breeding Show and the Junior Commercial

Heifer Show.

Special events include a horse pull at 1:30 p.m. Saturday, Oct. 6, the Mississippi 4-H Dairy Sweetheart Contest at 11 a.m. and Mississippi State Fair Championship Boxing at 5 p.m., Friday, October 12.

Other special events are the Future Farmers of America judging contest at 9 a.m. Saturday, October 13 in the Dixie Sales Arena followed by the FAA's Awards Ceremony at 2:30 p.m. also Saturday in the Coliseum.

Nine shows featuring free entertainment and a Fiddler's Contest also highlight the 1979 Mississippi State Fair.

The Coliseum shows begin at 8 p.m. Friday, Oct. 5 with Mississippi Night featuring Steven Pride, Lisa Ward, Jeter Davis, Shot McDaniel and Sweet Magnolia with the Ed Butler-Jerry Puckett Orchestra.

The Fiddler's Contest begins at 10 a.m. and goes to 5 p.m., continues with a Country Music Jamboree from 7:30 p.m. until 9:30 p.m. Saturday, Oct. 6.

A gospel Sing featuring the Mid-South Boys, the Telestials will be held at 3 p.m. Sunday, Oct. 7.

Blind singer-composer-musician Ray Charles performs at 8 p.m. Monday, October 8.

Bill Anderson, Mary Lou Turner and the Po' Folks country artists, share the stage at 8 p.m. Tuesday, Oct. 9.

Country entertainer Johnny Paycheck brings his show to the Coliseum for an 8 p.m. performance Wednesday, Oct. 10.

Entertainer Jerry Lee Lewis is the major attraction at 8

p.m. Thursday, Oct. 11.

Amateurs get their chance to perform during the fair's first "Festival of Talent" scheduled at 8 p.m. Friday, Oct. 12.

"Marko the Magician", and his "Theatre of Illusion" entertain fairgoers at 8 p.m.

Saturday, Oct. 13 with a stage show.

Former Louisiana Governor Jimmy Davis and the Mercy River Boys highlight a Gospel Sing at 3 p.m. Sunday, Oct. 14, the final day of Coliseum entertainment.

Ingalls awarded destroyer contract

Ingalls Shipbuilding has

been awarded a \$231 million contract to build a 31st Spruance-class destroyer for the U.S. Navy, Congressman Trent Lott, R-Miss., announced today.

The amount of the contract represents full funding for the destroyer, which will be designated DD 997. Contracts totaling more than \$88.2 million for advance procurement of materials necessary to build the vessel were announced previously.

"This contract is good news for the people of South Mississippi," Lott said. "Coming as it does in the wake of Hurricane Frederic, it should help both the spirits of our people and the economy of the area."

Spruance-class destroyers have been built at Ingalls Shipbuilding, a division of Litton Industries, since 1970, with the original contract calling for

The shipyard has delivered 23 to the Navy and seven are in various stages of final construction.

"The contract for the 31st destroyer was awarded on the basis of the shipyard's familiarity with the Spruance design and construction methods," Lott said.

"There is also the potential to reduce costs because of prior construction experience with this class of ship," he added.

Construction on the DD 997 is scheduled to begin in May, 1980, with delivery scheduled at the end of 1982. Construction manpower will come from the shipyard's existing workforce.

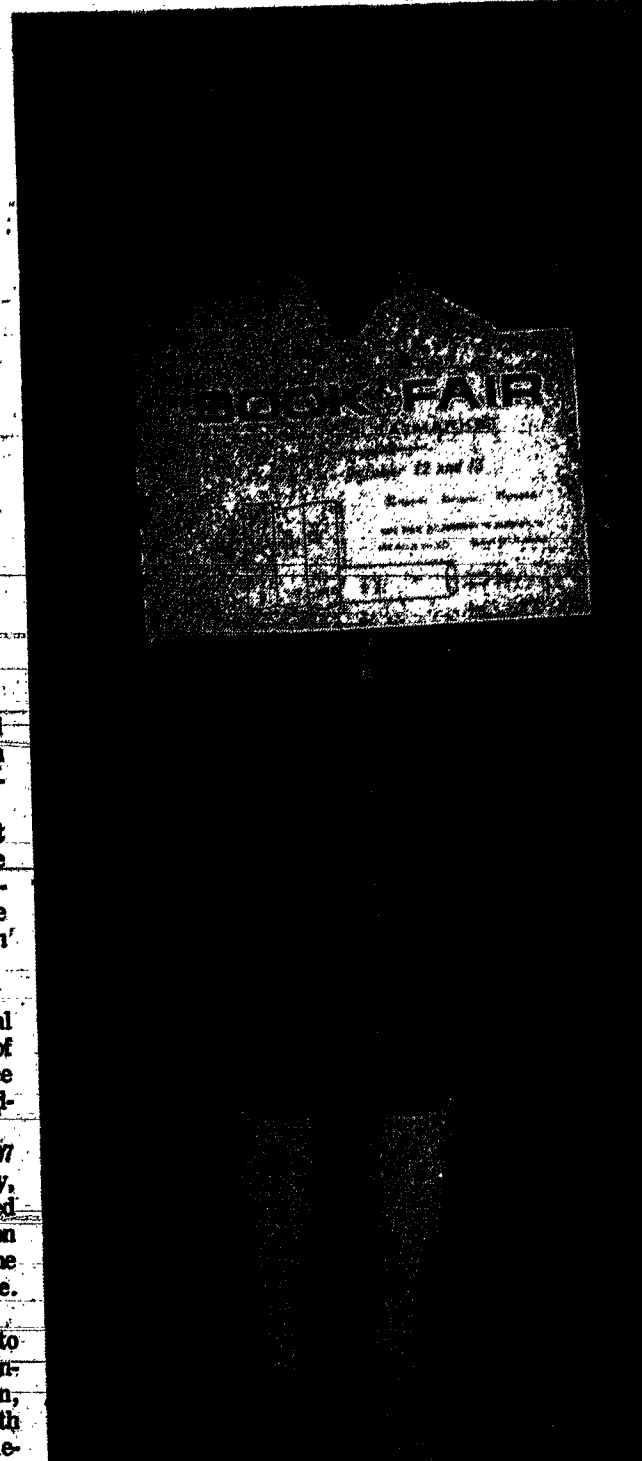

The ship will be identical to the basic design of the Spruance-class. During construction, however, it will be fitted with the latest weapons and electronics systems.

Seabee base work awarded

Four contracts totaling over \$93,000 have been let to local contractors for repair work on the U.S. Navy Seabee Center in Gulfport, according to Lt. Gary R. Henderson, contracting officer for the Navy.

Necaise Construction Co., Inc. of Gulfport received a \$29,590 contract for pavement repairs to Gilbert Avenue and Tilley Constructors and Engineers, Inc., also of Gulfport, received a \$15,296 contract to do roof repairs to Building 90.

Isaac Norman Construction Co., Inc. of Biloxi was awarded a \$23,750 contract for the construction of pump houses for two water wells and Dillman, Inc. of Bay St. Louis was awarded a \$24,048 contract for roof repairs to a portion of Building 7.

OLA BOOK FAIR—Angel Ambrose, 14, daughter of Mr. and Mrs. David P. Ambrose of Bay St. Louis and a ninth grader at Our Lady's Academy here announces her school will conduct its annual 'Book Fair and Giant Flea Market' from 1 to 5 p.m. Friday, Oct. 12, and 9 a.m. to 5 p.m. Saturday, Oct. 13. The event is slated for the school campus on South Beach Boulevard. Books will be priced 20 cents and up. (Staff photo by Edgar Perez)

Hancock pharmacists attend seminar

Charles A. Thomas and David Manasco, staff pharmacists at Hancock General Hospital attended a seminar on enteral parenteral nutrition conducted by the Tulane Medical Center's Department of Continuing Education.

The one-day seminar dealt with procedures such as hyper-alimentation and peripheral-alimentation which are methods of providing nutrition to patients who either needs of patients undergoing major surgery or chemotherapy.

Featured speakers at the seminar were Dr. Terry Hensel, Director of Pediatric Urology at Columbia-Presbyterian Medical Center; Dr. Marvin Luther, Professor of Surgery at the University of Tennessee Medical School; and Dr. A. O'Connell, Professor of Surgery at Tulane Medical Center.

This seminar is one of many attended by staff members of the Hancock General Hospital which enables them to keep abreast of the latest advancements in the field of medicine.

In service

PVT. E.M. BRADLEY

Pvt. Edwin M. Bradley, son of Mrs. Elizabeth M. Bradley, 330 Hunter Ave., Pass Christian, recently completed basic training at Fort Dix, N.J.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

TEXAS

The airman, who is remaining at Lackland for specialized instruction in human relations.

Completion of this training earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

Airman Gamble is a 1979 graduate of Long Beach High School.

SP4 JAMES W. LAYNE

SP5 MARK V. AND TERRY L. FELLOWS

A husband and wife team, Specs. 5 Mark V. and Terry L. Fellows, recently were assigned as medical specialists with the 47th Medical Battalion in Germany.

Mark is the son of Mr. and Mrs. Theodore V. Fellows, 1485 25th St. N.E., Salem, Ore. Terry's mother, Mrs. Rita G. Smith, lives at 108 Lakeside Drive, Waveland, Miss.

Spec. 4 James W. Layne, son of Mr. and Mrs. Lloyd Rogues, 1000 Dunbar Ave., Bay St. Louis, Miss., recently participated in CONSTANT ENFORCER, a major field training exercise in central Germany.

Approximately 30,000 American, German, Canadian and Belgian soldiers took part in the exercise.

CONSTANT ENFORCER, which involved more than 2500 tracked vehicles and 300 helicopters, provided units with realistic combat training in a simulated combat environment.

The maneuver was conducted near the scenic and historic Marburg-Kassel area of Germany.

Layne is an observation helicopter crew chief with the 3rd Armored Division in Badgingen, Germany.

AM DONALD B. GAMBLE

Airman Donald B. Gamble, son of retired Air Force Chief Master Sergeant and Mrs. Richard E. Gamble of 204 Palmyra Drive, Long Beach, Miss., has completed Air Force basic training at Lackland Air Force Base, San Antonio.

Bay St. Louis Residential Subdivision Regulations

approved unless it conforms with such order. Wherever there is a discrepancy between the minimum standards set forth in these regulations and those contained in the zoning order, building code or other official regulations, the highest standard shall apply.

401.7 Public Sites and Open Spaces

A. Due consideration shall be given to the allocation of suitable areas for schools, parks, playgrounds and other community facilities to be dedicated for public use as shown in the City comprehensive plan.

B. Due regard shall be shown for all natural features such as large trees, unusual rock formation, water courses, historic areas and similar City assets, which if preserved, will add attractiveness and value to the subdivision and City.

C. Lakes, ponds and similar areas will be accepted for maintenance only if sufficient space is dedicated as a public recreation area, or if such area constitutes a necessary part of the drainage control system. Such areas must be approved by the Planning Commission, and the Mississippi State Board of Water Commissioners.

401.8 Large Tracts or Parcels

When land is subdivided into larger parcels than ordinary building lots, such parcels shall be arranged so as to allow for the opening of future streets and logical resubdivision.

ARTICLE V.

FILING FEE AND BUILDING PERMITS

Section 501: FILING FEE

In order to defray the cost of notification, field and special studies and recording on the city's base map, there shall be paid to the City Clerk at the time of submission of the preliminary plat a fee of five dollars (\$5) per lot for the first ten (10) lots and two dollars (\$2) per lot for the next ten (10) lots and one dollar (\$1) per lot for each additional lot. Where only a portion of any approved preliminary plat is submitted for final approval, a final plat of the remaining area may be submitted at any time within two (2) years of the preliminary plat without payment of any additional filing fee by the subdivider, providing the final plat for the additional area conforms substantially with the approved preliminary plat.

Section 502: BUILDING PERMITS

Before any building designed, built or used for human habitation, hereafter termed a dwelling unit, shall be constructed, erected or placed on any lot of any subdivision, the owner shall first acquire a building permit from the City of Bay St. Louis or their designee.

ARTICLE VI.

ADMINISTRATION, ENFORCEMENT AND PENALTIES

Section 601: ADMINISTRATION

The Bay St. Louis Planning Commission may employ any staff person or persons of its own choosing to assist in the administration of these regulations. The Commission shall have the authority to interpret the regulations and the City Council of Bay St. Louis as provided by law.

Section 602: ENFORCEMENT

The City of Bay St. Louis shall have the authority to enforce these regulations and to take such action as may be necessary to carry out the provisions of these regulations.

determinations as to whether or not said Regulations are being complied with by any subdivider and to recommend to the City Council such action or actions as are necessary to enforce these Regulations. The City shall have the authority to take such action as may be deemed necessary to enforce these Regulations including injunction or other remedial relief as shall be considered proper. The Planning Commission is further authorized and empowered to conduct all hearings provided for by these Regulations and to make its recommendations to the City Council.

Section 702: CONFLICT

any reason whatsoever, such decision shall not affect the remaining portion of these Regulations, which shall remain in full force and effect; and to this end the provisions of these Regulations are hereby declared severable.

ARTICLE VIII

ADOPTION AMENDMENT AND EFFECTIVE DATE

Section 801:

Before adoption of these Subdivision Regulations or any amendments thereto, a public hearing shall be held by the Planning Commission. A public notice of the time and place of the Public Hearing shall be published in a newspaper of general circulation in the City in accordance with Section 3593, Mississippi Code of 1942, as amended.

Section 802:

These Subdivision Regulations shall take effect and be in force immediately upon their adoption and publication of a notice of such adoption. full force and effect, and to this end the provisions of these Regulations are hereby declared severable.

Section 702: CONFLICT

All City Ordinances or parts of City Ordinances in conflict with these Subdivision Regulations are hereby repealed.

ARTICLE VIII

ADOPTION AMENDMENT AND EFFECTIVE DATE

Section 801:

Before adoption of these Subdivision Regulations or any amendments thereto, a public hearing shall be held by the Planning Commission. A public notice of the time and place of the Public Hearing shall be published in a newspaper of general circulation in the City in accordance with Section 3593, Mississippi Code of 1942, as amended.

Section 802:

These Subdivision Regulations shall take effect and be in force immediately upon their adoption and publication of a notice of such adoption.

Section 803:

After being reduced to writing, the foregoing ordinance was read and considered, section by section and then as a whole, at a public meeting of the City Council of the City of Bay St. Louis, Mississippi, whereupon Councilman Farve and after second by Councilman Benvenuti, the following roll call vote was had:

Voting yea: Councilman Benvenuti, Farve, Thriffley, Seymour and Wagner.
Voting nay: None.

Whereupon President Benvenuti declared the foregoing Ordinance adopted by the City Council of the City of Bay St. Louis, Mississippi, this August 7, 1979.

/s/ Peter J. Benvenuti
Peter J. Benvenuti, President of City Council of the City of Bay St. Louis, Mississippi

/s/ Kelly L. McQueen

Kelly L. McQueen
City Clerk of the City of Bay St. Louis, Mississippi

Presented by me to the Mayor of the City of Bay St. Louis, Mississippi, August 10, 1979.

Mississippi, August 10, 1979.

City Clerk

SEVERABILITY AND AMENDMENT

Any person or persons, firm, corporation or agent who shall violate a provision of these Regulations, or fail to comply therewith, or with any of the requirements thereof, shall be deemed guilty of a misdemeanor. Each such person or persons, firm, corporation or agent shall be deemed guilty of a separate offense for each and every day during which any violation of any of the provisions of these Regulations is committed or continued and upon conviction of any such violation shall be punished within the limits and as provided by State Law.

It is further provided that the attorney-at-law for the City of Bay St. Louis shall have the authority to request the City Council to take such action as may be necessary to carry out the provisions of these Regulations.
